

SEEK FIRST THE KINGDOM – BEING AT PEACE

HOW TO LIVE IN THE PEACE OF GOD

Thy Kingdom come on earth, Thy will be done as it is in heaven. Christ Revealed, Church Reformed, City Rebuilt

Everyone has their own battles to fight. Everyone's battle is not the same. Some people have health issues but no problem with finance. Some have health but problem with the family. We will not win if we don't want to fight. We must take back what is our; time, dignity, health, finance, family, and everything that the enemy tried to take from us. We must always stand in righteousness.

When God speaks, He will come in. God wants to take over but if we don't fight, God cannot take over. If Joshua didn't go to war, God cannot come down to help. God cannot take over whatever we are not taking back. We cannot be lazy and let God do everything. If we want life, we must fight for it.

Rom 5:17 For if by one man's offense death reigned by one, much more they who receive abundance of grace and the gift of righteousness shall reign in life by One, Jesus Christ.)

We can always be at the top. The word reign is different from rule. When we rule we are pushing something down. We use force and authority to push it down. We have to fight until agreement comes to us to be in charge. When we reign, no one contest the position. Devil, sin, darkness, the laws of the kingdoms of this world cannot stop us. The devil will have to let us go. He sees us but cannot touch us because he no longer has the power. When we are ruling, the enemy doesn't accept us and we have to fight until we prove that we are in charge. But when we reign in the power of God, every pressure of life will not shake us. If we move, the devil leaves. Let the devil know what we carry.

Intercessors are not those who cry. They must carry the ingredients. This year, Kingdom lifestyle is very important and learns to reign in life.

We want to be born into the Kingdom, see the Kingdom, and enter the Kingdom. Once we have entered God will cleanse us. Our attitudes will change and lifestyle will change. Our mouth will speak wholesome words, mind think right thoughts, emotions are right and all our actions will be clean and blameless.

When we are ready and cleansed, God will qualify us according to our rank. If we want to go up higher, the standards will be higher. If we live our Christian life well, everything will be set up for our future. If we muck up and not properly cleansed, we cannot reign in life. God wants to bless us but we're not there. He wants to put us in the best place but we are not cleansed and qualify. When we are qualified, we will inherit. All things in life that is ours will not be given away to the devil.

Once we inherit the Kingdom, we will demonstrate righteousness, peace and joy. How to be in the Kingdom and inherit and demonstrate? Walk in righteousness, peace and joy in the Holy Spirit.

1. Peace with God

Live a life that has no conflict with God and His values. We don't violate God. Align ourselves with Him and we will be able to crush the serpent under our feet.

Rom 16:20 And the God of peace shall bruise Satan under your feet shortly. May the grace of our Lord Jesus Christ be with you. Amen.

Not only that He has defeated Satan we too can crush the head of the serpent. God is not against us. We must stand right before Him. When God looks at us, there must be nothing out of order. When we have peace with God, there is nothing out of alignment. The frequency is accurate and not crooked. If we want to be blessed in the Kingdom, we must find peace in God. To be in a place of peace with God is a powerful force and the best place to be.

2. Peace in our mind.

Our mind keeps thinking all the time. A lot of things in our mind can destabilize us. There are so many ideas and opinions. Some days we think like our uncle or friends. It's not stable and keeps hitting us. All the thought patterns in our life which destabilizes us will cause us not to have peace.

God must speak to us and the word of God must run in our mind. It should answer all the questions. Worries won't change our lives. We worry because we don't know Him. God always gives us the best and if we don't know Him, we will worry. What can stop our mind from thinking this way is God's word, knowing His word and know what God said. If God has promised this, He will do it.

If we don't have peace in our mind, it will go down to our emotions and we will become grumpy and irritating. After a while we will lose our friends because we hear the same thing again. When there's peace of mind, all conflicting thoughts will be gone and there will be perfect peace.

3. Peace in my body

Ease means rest and no conflict. Disease means the disruption of peace. Our liver is working overtime, some parts of the body feels wrong, etc is the sign of the enemy causing disruption of ease.

Before we fall sick, the area that will collapse first is our digestive system. If we eat right, we would have set up the first defense of our digestive system. That's why we must choose our food properly. If our digestive system is down, the next attack will be at the throat. Next will be the liver. If we want to get back our health, see what we put on the table. Don't eat things that will destroy our lives.

4. Peace with all men

Don't carry negative vibrations and vibes to people even when they hurt us. If we take the wound deeper and keep thinking about it, it can destroy us. Be at peace with all men and be cool with everybody. Those who pick up fights everywhere are undiscerning. How can we be at peace with all men and not allow them to hurt us? God must be present in our heart and know that some fights are not worth fighting. If we don't have the right ingredients we will always be carrying the wrong things. A diplomat is a person who can be diplomatic with everybody.

When do start a business, we don't do our business to kill another business. We just do our best and trust God to help us. Others may fall but God will be with us and we will not fall.

5. Peace in all circumstances and situations

When we need money, wealth, family, problems big and small, health, etc who fights for us? It is always the same God. The same Champion goes out and fights for us. That's why we must be steady in our heart. We must see the bigness of our God and not the bigness of our problem.

6. Peace with our enemies

How to be at peace with our enemies? The person can be attacking us and say so many things about us. Be at peace means to guard our heart and not allow their seeds come into our heart. Then we will be free. We can know about it but don't allow it to enter. If the negative enters, our mouth will carry it out. All the issues of life will flow out from our heart. We must keep our heart clean for Jesus and the Holy Spirit to dwell. The tares and negative seeds cannot be sown into our heart. We must guard our heart. Otherwise our mind and emotions will always be at the wrong place. If we take what they sow and what they say into our heart and mind, before long we will talk like them and we will not be any different with our enemy.

7. Peace as a covering over our lives

All around our lives there is peace because we choose to live in God's Presence and surround ourselves with good people. Don't surround our lives with wrong people or else peace cannot come into our house. That's why our cell group and family must be clean so that there will be peace over our lives.
