

## **WINNING EVERY BATTLE – Becoming the Super Class**

***Thy Kingdom come on earth, Thy will be done as it is in heaven. Christ Revealed, Church Reformed, City Rebuilt***

On Mount Zion, He will swallow up death and remove the veil of the nations. God wants to show us that when we live in Mount Zion, the highest mountain, it will swallow up everything. When we stay in the place where God is, we will be safe and protected. We may not know what is happening in the world now, but we know God and everything will be well.

Every battle is winnable. God didn't send us to battle unless He knows that we are fully equipped. We can find strength when we listen to instructions. If we don't listen, we get into trouble. Find out why so that we will not be in that route anymore. Watch and pray so that we can find strength for the day ahead. The hour of temptation is coming and we do not know what the future will be like. We never heard of earthquake in Malaysia before but now the fault line is crossing Malaysia. Nobody is safe except in Christ. That's why every battle is winnable and He is the Lord of Host.

Elisha followed Elijah for 14 years. Those times are times of preparation and at the right time when Elisha saw Elijah taken up, transaction took place.

Battles are won in the spirit first. God draws the enemy out so that God can train our hands for war.

### ***Reading Text – Exodus 17***

If there is no problem in our life we don't know what quality we are. IF things don't go wrong we will always assume that we are smart. If we don't trust God there is no answer. Thank God for every trial and problems that happens in our lives. God uses it to train us to fight. When our child is sick we cannot be looking for doctors all the time or ask people to pray. We must learn and find the solution ourselves. Church is a place to train people. The Spiritual Domain is the most important domain. If we can touch God, we can find answers and get everything that is needed. Before the war begins, God has placed everything in our life so that we are ready. Testing will not start if God has not placed anything in our life. God won't send us to battle if He doesn't go before us. If we go to war, remember that God has gone ahead and He has given us everything we needed to win. God paid such a high price and sent His son so that we can become victorious. We can win every battle. The Captain must go first and leaders must go first. Some army only sends the people to die first. God sent His Son to die first so that we can win. If we know God before the problem arises, He has already gone ahead and He is crossing over with us.

5 keys that will help us win every battle in life. It is very hard to find these keys. Financial, physical, relational battles can be won. If we can do this in our life, we can win every battle the devil starts against us. Instead of becoming a victim, we can become the victor. Instead of falling down we can rise up. Every battle is winnable and won by the Spirit first. In every generation God has made a decree to destroy the enemy and bring the enemy to defeat.

***1Ch 14:1*** And Hiram king of Tyre sent messengers to David, and timbers of cedars, with masons and carpenters, to build him a house.

*1Ch 14:2 And David saw that Jehovah had confirmed him king over Israel, for his kingdom was lifted on high, because of His people Israel.*

David was so blessed until he didn't even build his own house. God has established David king over all Israel. He knows that the Lord had established him as king for the sake of Israel. He knew there is a reason for all the blessing and stature and prosperity. The main reason is so that we can be the source of blessing to God's people. David is now king over all Israel, not just Judah. God blessed him and the blessing was overflowing. He realized that all these are for the blessing of God's people. All that God blesses us must be available for His Kingdom.

### **1. Live for the Kingdom King and be a source to God's people**

This is hard to set as a priority in our lives because all of us are only concern for our own blessing and business. This is difficult for those who are starting young without faith in their heart. Every appointment we say yes and we change our time to meet the needs of the work and give up our time for God. God sometimes allow things to happen to show us His will and see what the priority in our heart is. God sometimes test our heart. We must live by principles and seek first the Kingdom of God. Some days we have to make decision which is more important. God never teach us to lie. If the law asked us not to worship God but principle we need to worship God; how will we choose? We must not be afraid to speak up for ourselves. There may be an appointment that is clashed with something God wants us to do, we must find ways to make the changes to fit the plans of God. If we don't have this attitude we cannot win any battles in life because we have other agendas. God is first, second and last and He is the Alpha and Omega. If God's Kingdom is not prospering, we change our decision regardless of any other appointments. Renegotiate so that God will receive the honor; our work, someone else's plans, God's plans. When we choose God first, God will turn things around. God will always be first no matter what the world offers. God will have our confidence that we will stand on His side. If we don't put God as priority and God only gets our convenient time, we cannot win battles. To win every battle means we are super class. If we are not afraid to make decisions like this and put God first; even the right to take holidays and prepared to change everything including prior plans, we will win every battle in life. He will leave us to defeat. If it is God's plan we will fight for it until we win. We don't become super class by being lazy. People don't become Olympic champions if we are lazy. We must not please God and please others. We must please God all the time and let people decide along the way. We must betray God and we must not drop Him.

When we go up to the higher level, we have higher standards. We must prove it to God. If we hold ourselves accountable to a higher law, no one will tell us and we will make the right decision all the time. Every conflict we face, we will still make the right decision. Why give the power to win every battle if we don't set things right in our heart. Those who say yes to God, His will and plans will always win battles.

If we stand up for God in the earth, God will stand up for us in the heavens. All of God's blessings will overtake us. That's why don't short change on God. The devil and the world system can frighten us and asked us to think for ourselves and that's why Eve fell in the Garden. People thought that we do not know business but we have the best business; the Kingdom Business. There's only one course in life and we give our life to please God and God will always get our confidence vote. Don't rely on our own understanding but trust the Lord. If we trust Him, we will

do this. If we don't know Him, we will change and follow every other standard including our own standard and cannot be trusted. Do not lie to God to get His blessings. If we make a choice that is worth dying for, it better be for God. The only decision that we must make in life is to lay down our lives for Him; whatever He wants from us. Choose to live for the King and we will not lose. We will succeed 100%.

*1Ch 14:17 And the name of David went out into all lands. And Jehovah brought the fear of him on all nations.*

No one wanted to fight David and the enemy also left because David won every battle. The fear of God and the fear of David was upon the enemies. There was peace and prosperity during his days. David brought war to an end. During Solomon's rule people came from all over the earth came to help and build God's house. People came from everywhere and every nation want to be at peace with him. When we make the choice and live for God, we can lead His people into the best place possible. God lift us up so that we can be a blessing to God's people. We must start serving the Lord now. Don't wait until we have a lot of money to serve God. When we have all the money we can serve God with no struggles and worries. But for now while we struggle and haven't come to that position, fight and serve God, and we will become super class.

It does not matter what we hear and see, we give our best to God and God will do the rest.

*1Ch 14:3 And David took more wives at Jerusalem. And David fathered more sons and daughters.*

*1Ch 14:4 And these were the names of the children whom he had in Jerusalem: Shammua, and Shobab, Nathan, and Solomon,*

## **2. Guard and govern our family and home**

The king thinks of succession and it is about family. One of the hardest thing to build is Godly family. This will be our greatest strength. If we come home and the house is like a battle zone; husband and wife fighting, children climbing the walls, etc that is a mess. We must make sure husband and wife relationship is well. The whole household must come under the supernatural influence of heaven. Win the fear battle. Husband and wife must learn to talk and not frighten each other but encourage. When there's bad business, the wife and husband must learn to rise up and see something supernatural happen. If we don't have this kind of relationship, start developing this now. All we need is one rotten egg in the house; husband, wife or child the whole family can be in chaos. Husband and wife must be strong enough to inspire strength so that when one is negative the other can be the positive. Stop talking nonsense so that the negative atmosphere will not destroy the house. Speak life in the house. Speak life into the atmosphere and to one another. Anybody that comes into the house and talk nonsense stop them immediately. We must not collect rubbish in the house. If we keep all the rubbish at home we can see worms. Rubbish is things that don't help in our lives anymore. Don't open doors for devil to manifest. When husband and wife pray and agree and agree with God, heaven will open. When God speaks to us, we agree and things will materialize. The most important place to guard is our house. What we speak in the house and what we talk to one another, what we say to put walls around the house and change atmosphere must be what God tells us. Most problems in our life started by our own self because of what we speak. Life and death is in our tongue.

We go to war from our house but if there is war in our house, we cannot defeat the enemy. Talk right things and build on the right word. Make sure our family are filled with right words that will build each other's life and create good atmosphere. Set the family in order and the atmosphere in the house in order. Our family must be the strongest. If we lose our family it will be destructive. Our family has to be strong. If the battle is not won at home, we can come back in ruins even when we have victory outside. If we want to win every battle, it's not about how much money we make outside. Some months are good some months are bad. We want good atmosphere in the house and good children and the Presence of God at home. It is always the people close to us that can sabotage us.
