

## **INSPIRING THE PEOPLE MOVEMENT**

***Thy Kingdom come on earth, Thy will be done as it is in heaven. Christ Revealed, Church Reformed, City Rebuilt***

When God called us and give the right ingredients in our heart, we will have opportunity to rise. It is not about us but to bring back the Kingdom on the earth.

Rise and take every opportunity God gives to us. God must bring Joseph out of prison so that he can face Pharaoh. God needs men and God needs us. A lot of things that are happening in the church are training grounds. We need to manage people even when we have all the money and material. If there are no people to manage, all can be lost. People are more important than technology. If we can be well trained, one day God will give us the best. The best opportunity does not come to the worst people. If we are ready, at the right time and the right competence of life, God will bring the opportunity to us. God will be looking for us to put us at the right place.

*Mar 1:42 Immediately the leprosy left him and he was cleansed.*

*Mar 1:43 And He sternly warned him and immediately sent him away,*

*Mar 1:44 and He said to him, "See that you say nothing to anyone; but go, show yourself to the priest and offer for your cleansing what Moses commanded, as a testimony to them."*

*Mar 1:45 But he went out and began to proclaim it freely and to spread the news around, to such an extent that Jesus could no longer publicly enter a city, but stayed out in unpopulated areas; and they were coming to Him from everywhere.*

The bible says that the man was healed from leprosy and he was asked to see the priest so that he could be brought back to society. We must become a source of blessing after we are healed and delivered. We must not just sit at home and waste our life. God don't want us to sit at the corner and do nothing. If we have leprosy, we cannot join the people because it is a contagious disease. The priest will tell him that he can now go back to society. After God has blessed us, the next agenda is to go back and change the people and society.

There are certain things that are stopping us from going out. Healing is not the assignment. Healing is the need we need. After God healed us, He wants us to be released to change society. That's why we must learn to give back. God has given us all the opportunity and we have to become the source of blessings for others. After all the investments He placed in our life, He expects a return of investment.

Ask God to meet the major need of our life that is preventing us from becoming better. The man was a good man but unfortunately he had leprosy and can't go into the society. He stayed at a corner by himself. He could have done better and touched a lot of people but sadly he had leprosy. Jesus came and set him free. He created a people movement. The moment that happened, he went everywhere and spread the good news and created a people movement until Jesus can't enter the city. The people started to walk in the direction where Jesus was. Wherever Jesus was, the place was jammed packed.

What God does for our life must move people towards God. City will move. Large crowd will move. God can do this if God touches our lives. What is stopping us from becoming the best? Let God touch that area. Be set free! We can be a real source of blessing but something is in the way; wrong thinking pattern, fear, wrong idea, wrong involvement, wrong perspective, bad self image, our job, our family,

finances, etc. God wants to set us free. He wants us to rise up to our fullest potential. God does not want us to live below. God has to touch our life. When God breaks it, we will rise to our fullest potential. Live to the highest level. If we increase our quota this year, God will cause new things to happen and become better. We will never know what can happen. Even when we don't want the place, people will put us there because we have the answer. God is the answer. God is not looking for mediocre. God can only use us according to His greatness. We have no word, He has the word. We must trust God and pour ourselves back to God. Let God touch the area of our life.

God can take us from anywhere and everywhere and make it into a good work. Find out what God is doing in our life. What is the one limitation that we have that stops us from giving back to the society? Let Him take our limitations off that stops us from giving back to society. Whatever it is God can heal it and set us free.

Don't say we are already doing our best. We can always push a little more and allow God to push us to the next level. The devil cut the man with leprosy off and doesn't want him to go. The devil knew that he would be a great instrument; just like the demoniacs. Don't let the devil put us into a corner. Get ourselves out and start to think beyond ourselves.

While we are here on planet earth, we must rise up and let God come to us. Change our life. It does not matter how good we are now, we can become stronger. We may fail yesterday but today is the day of salvation. Become a better Christian and we can be useful to change lives. One man can make a difference. We can see the nation change and bring us up to the next level.

It is important for us to recognize this. God is bringing a major change in our nation. In the next 6 to 8 months, many will be set free. The different political groups and NGOs will rise and God will set them free and they can do better than what they can do before. It will happen soon. Let God set us free.

Maybe we have a lot of fear. That area must be broken. Our heart must be settled. Today you can change. What is preventing us from doing well? If the things that is preventing us from doing well is broken, we can do so many things. Sometimes it's us, sometimes it is our thought, sometimes it is our friends around us, etc. We can become better. See ourselves become better. If God can touch this area of our life, we can change the world. The devil knows we are too important for the Kingdom and that's why he keeps us in the box or in the tomb. We are capable of greater things. Stop doing what we like and our own will. There are many things we don't like but we have to eat; vegetables, garlic, etc.

Choose to discipline ourselves and stop living for ourselves and for the lies of the enemy. If we become free, the world around us will change. Don't let the world change us. Don't let circumstances change us. Be the best Christian we can ever be. Live right and live strong.

Generally people are good until they are trained with the wrong system. When they become dependent on everybody else, they lose the capacity to become better. There is a deposit of God in our life. If this rises up, we can change the world. Stop telling ourselves No. Start saying Yes to God's will. Stop saying we don't have this and that.
