

## **2016 YOUR RIGHTEOUS SCEPTRE FROM ZION**

Start believing that we can become the source of blessing and an agent of change. A lot of great men were given this gospel when they were insignificant. One life shared this gospel to them and they became great.

When God's Kingdom is established, all the kingdoms will be pushed back. King Cyrus had a dream and all the other Jews were no longer captives and they could go back. God will do this amazing work in the lives of people in this world. In a single dream and just one encounter or phone call or sharing or greetings, supernatural things can happen. That's why 2016 is a special year.

**Psa 110:1** *A Psalm of David. The LORD says to my Lord: "Sit at My right hand Until I make Your enemies a footstool for Your feet."*

**Psa 110:2** *The LORD will stretch forth Your strong scepter from Zion, saying, "Rule in the midst of Your enemies."*

### **1. True worshippers will have access to the clear sound of God's voice from heaven.**

This is going to be an amazing time where God will speak to us clearer. We must hear clearly from heaven. Pray that God will open our ears and hear exactly what God is saying. God is speaking in the heavens and if we don't have access to that, we will be making decisions according to our mind and understanding. God wants us to hear from heaven. He is taking us closer to Him so that we can hear what He is saying. God will make His voice accessible. Seek Him and we will find Him. Tune our frequency and we will find God. We are living in an important time. Wrong decisions can alter our destiny. Simple things like greed and hunger can change destiny. He wants us to hear. We cannot make wrong decisions that will alter the destiny of our lives. If we marry the wrong person or have a wrong job, it will lead us to different path. Even looking for a doctor, we must look for the right one or else we will be diagnosed with wrong results.

We need to hear what God is saying. God is speaking from the heavens and if we don't have access to it, we will be doing the wrong thing. There are so many opinions everywhere but one counsel from God can change our lives. Man cannot live by bread alone but by every word that proceeds from the mouth of God. If we have the ability to tune in, it will change our lives. May God give us the ability to hear and we hear so clearly that we will not be wrong. We will know it is not all that we carry in our heart or our own desires. If it is what God placed in our heart and we do it, we will not fail. If God said so, it will be so. If He said we will be healed, we will be healed. Challenges can come but go back to the word. If God has spoken, He will watch over it.

One of the most difficult things in life is disappointment. We trust that this investment is good but it collapse. We trust the worker but the worker disappoint us and let us down. It happens in the church too. God wants us to trust Him, not putting our hope in men. Trust is what He says to us. It's not about God speaking to us about ourselves. It's about hearing God in a higher level. Who will go for Us, who can We send? Make ourselves available to the Council of God. Follow God and all things will fall in place.

Make decisions based only on what God is saying. If we want to make a difference in our life, this year is the year. Hear, think, and understand what God is saying.

## **2. There is going to be an extra expanded revelation of the Lord Jesus Christ.**

We will see the revelation of Jesus Christ like never before. Some of us will see Him as a Healer, Father, Deliverer, etc. Every need in our life is found in the revelation of Jesus Christ. If we see Him as a Healer, we will receive healing. As we watch and observe, we will manifest. When we know the Father, we will know who we are. If He is our Father, we are His sons. If He is our God, then He is all things to us. Let our eyes be opened.

When God is watching over us, we do not need to be afraid. When God is looking after us, He does His job well. The more we see Him, the more we will become like Him. He is the best model and Father. Let our eyes be opened to see Him more and more. We will discover who we are. We will hear His voice, see His form. Imagine one day we wake up in the morning and God gives us the revelation of who He is. God will show us how to

build; our character, family, raise leaders, city builders, businesses, etc. If we listen to Him and hear what He is saying and see what He is doing, He will build a house that cannot be shaken. Our family, finance, marriage, etc will not be shaken. Listen to what He is saying and do it.

We don't need to compete with the world. We don't need to compete with anybody. We do what God tells us to do. If God joins in our company, we will become the majority. Just ask Him what we need to do and ask Him to show us how to do it. If we don't understand, read books and listen to CDs. There are many companies in the network started with debts but it's growing to a multimillion company just because of God's word. When we bless our children and train them up the right way, they will know how to come back and respond. The more the word of God comes to us, the more we will see Him and the more we will become like Him. Our eyes will be opened to see who He is.

If Jesus is in our boat, we will not collapse, capsize or overturn. If Jesus is living in our body and mind, we will never collapse. That's why surrender our lives wholly to Him. Even in the midst of economic turmoil, we will not go down because Jesus is in us.

### **3. God is going to train our hands to win every battle**

Financial, emotional, crisis and chaos that is going to happen, we will win them if we follow the Lord of Host. Every battle we will win in the heavens and subdue the enemies on the earth. We will overrule all our enemies. God will set banqueting table in the midst of our enemies. All our enemies can be looking and yet they cannot do anything to us. God will train our hands for war. In order to win, we must stay in the ring. Don't quit. We pray all that we can pray and do all that we can do, leave the rest to God. After all that we pray and if we die, we die a champion because we never give up. Just don't quit. God is good to us and He will train our hands to win.

It is not difficult to prosper. It is not difficult to buy our first house and rise above our disappointment. The only thing is our heart. If the condition of our heart is taken by God, all things will turn around. Don't cancel what we believed. If we want to win every battle, stay in the ring!!

Even in the battle, there are laws. That's why when the devil attacks us, he is also bound by rules and cannot do more than what he is bound to do. God will train our hands for war in a powerful way. God will bring us up higher and higher. Victory is in the air. God will teach us how to win. We cannot cry all the time. Don't cry about the situation. Cry to God and get answers. Working is not wrong but working wrongly or in a wrong place is wrong. Work by His rules. There is nothing wrong to further what God has placed in our heart. Just hear what God is saying. Don't walk away from the plans God has set over our lives.

Make sure our children don't walk away from destiny. We must be convinced that the way that God set is the way to go. There is future for us in Malaysia. There will be New Malaysia. There will be the Malaysian Dream. Stop living just for ourselves. Start to think about other people. Learn to win and stop struggling in business and money or family. Don't be afraid. Don't insult our God by thinking that He can't give us the extra money that we need and let go of Him and His word. He can do the impossible and make things happen.

#### **4. God is going to radically reform the church to make Zion manifest**

Example; Papa wants to buy us a new sofa set with coffee table and a fridge and they will be sent to the house. What is the first thing we do? Get rid of the old. If we don't get rid of the old, the new cannot come. Create space. God is going to change the church and do things differently. Be aggressive against hell. Shut the gates of hell.

For the next 4 months, we have to think about our family and relatives and make sure they are saved. If we cannot handle things ourselves, we must ask for help. God will change the church and bring reformation in the house so that we can push away the gates of hell. The next 4 months will be about family and friends. We will pray for our family members, one by one. Start getting ready to lead in cell groups and become new song leaders. Take our places. This year is the reformation of our church. God will raise up strong prayer warriors. We need to snatch people out from hell. The Lord will stretch for His sceptre from Zion. We must take down sin, sickness, divorce, etc.

#### **5. God will raise up a supernatural breed**

The people will volunteer freely in the days of God's power. A new type of Christians will rise. They will know how to fight and their testimony of their lives will glorify God.
