

## THE CORNELIUS CONNECTION

God must become so tangible in the House of God. When He is here anything can happen and nothing is impossible for God. There must be a desperation cry to want more of God. It is not the natural thing we want but the spiritual and the supernatural. Ask God to give us that connection. God is sending the message to us. We must rise up with such desperation to desire for the supernatural. We must press on for it this year.

Peace is the power we need to have. When peace comes into our heart, God is there. Sometimes we don't need too many people. Just one can carry the fight. If there are 10 people, all must come to add strength to carry the fight. We need one another to get across. We need to fight together and pray together and carry each other's burden. We are not giving up without a fight. Don't be a coward and chicken out. Fight to the end. If we do die, we are still a victor and leave planet earth a fighter. Our prayers will not go out unheard. Someone in the family or people around us will receive the miracle. When we do die fighting, the victory will go to the next generation. Whatever we pray and do, the words we speak, the help we give will always be rewarded. Sometimes we may not collect it but our children or grandchildren will collect it.

*Act 10:24 On the following day he entered Caesarea. Now Cornelius was waiting for them and had called together his relatives and close friends.*

*Act 10:25 When Peter entered, Cornelius met him, and fell at his feet and worshiped him.*

*Act 10:26 But Peter raised him up, saying, "Stand up; I too am just a man."*

*Act 10:27 As he talked with him, he entered and found many people assembled.*

*Act 10:28 And he said to them, "You yourselves know how unlawful it is for a man who is a Jew to associate with a foreigner or to visit him; and yet God has shown me that I should not call any man unholy or unclean.*

*Act 10:29 "That is why I came without even raising any objection when I was sent for. So I ask for what reason you have sent for me."*

*Act 10:30 Cornelius said, "Four days ago to this hour, I was praying in my house during the ninth hour; and behold, a man stood before me in shining garments,*

The reason why we don't succeed is because self has become the centrality. When we pray long enough, God will manifest. We cannot be praying and heaven does not answer. When we are praying, we are sowing and heaven will respond. When we do the right thing on earth, heaven will respond. Stop doing the wrong things and the things people pressure us to do. Other people don't have a leader but we have the best LEADER and the Holy Spirit is the

Leader of Jesus. We have to push in the next 5 months and something powerful will happen. God spoke to us that 6 to 8 months something supernatural will happen to Malaysia.

For ANS now till before GLS, something supernatural will happen. We will have testimony, our faith will rise and we will become a fighter; not to fight for ourselves but fight for others. Pray until heaven respond. Demons will not come near our boundary. We need to be strong. When we touch God, we will not be inactive. When we ask God properly, God will definitely answer; yes, no or wait.

When we pray and give, heaven will know, hell will know and the people on the earth will know. This is the testimony of our life. Something supernatural will happen. When we touch Him, God will give us instructions. Heaven was connected to Cornelius because he was ready.

This year is our time. 2016 is our year. See how God rule in the midst of our enemies and we will be unstoppable. Don't be afraid. When heaven comes down, there will be right connections. Peter came and the Holy Spirit descended. We are about to see our family and relatives change. This year is the final push where those who cannot get saved will be saved.

For this next 5 to 6 months, our theme will be "For Family and Friends". Get saved, get healed, delivered, get baptized, get a changed life, and start to change other lives.

Start categorizing our friends. From now to June, something supernatural will happen to our connection to heaven. The Holy Spirit will come down and touch our relatives and friends. The next 6 months, let's push it with all our heart. If we want to catch fish, we must know what fish to catch. Some fishes cannot be caught unless we throw the right kind of bait. Not every fish will fall for the same bait.

## **1. There are people who are neutral**

They are neither this side nor that side. They are not resistant because they don't know about Christ and healing or the Holy Spirit. Everything also can. These kinds of people are important. Share with them and sow the seed so that they can change from neutral to become positive. Just because they are neutral does not mean they are hard. They are just not informed. When people are neutral, they are easily changed. Make efforts to give them information so that they can change. Don't wait until people are sick. Start when they are neutral. Inform them more and more so that what we share with them will become an important tool. Change them from neutral to positive. Give them all the information and tell them what God is saying and doing. Let them understand that God is doing something.

The greatest product that God has given into our hands is people. No matter how good the medicine is or how hard we work is only to get money and we need to start all over again each month. But a soul is different. When we get them healed, saved, baptized, and have a changed life, they are changed forever.

## **2. There are people who are friendly**

They are friends and they are there during the fun time and in every occasion. However we never shared the gospel to them because we are afraid they will reject us. Lead them to the next level. Friends will listen. We already have the advantage at the social level. Multilevel business is an amazing business where you can get connected to people and make friends.

We want to do things together with friends and not with enemies. Take advantage of this friendship and lead them to a higher level. A stranger will not hear what we say but a friend will. The social strength is more powerful.

### **3. There are people who are invite us to their homes**

There are friends who we only see them during work time. There are those who will accept us into their homes and we allow them to come to our house. They are not just superficial friends but they would invite us to their house. These are called family friends. They won't reject us easily. Even when they reject us, other family members may not reject us. This kind of friendship is different.

### **4. There are people who are extended family**

They are more than just family friends. They are almost as regular to our house like our relatives. They are our extended family like godfather, godmother, etc. The relationship is growing. They are not involved with us but they are always there in our good times and bad.

### **5. There are people who are follow us to the house of God**

This is a spiritual relationship. They are friends with us, they know the church and they know our extended family and they want to follow us to church. This is an important sign. Whether they become Christian or not, it depends on our relationship with them, and how the church relates to them. When they come to church, we raise our standard to go all out to bless them. If we bring our friends to church, entertain them.

Teach them how to get saved and get healed. Confess we are sinners, Jesus is the Savior and receive Jesus into our heart publicly. God does not want us to be afraid. Tell them how to be saved and how to be healed and be filled with the Holy Spirit. Show them how to have a changed life. And from there, they can change other lives.

We have to start doing something or else nothing will happen. If the seed is in our pocket, no tree will grow. But when we sow the seed, the tree will grow and it can be fruitful and multiply.

***Our prayer for your peace and protection will result in your progress and prosperity. Peace is the beginning of increase, protection so that we may share with friends and family.***

Peace is the reason for increase. If there is no peace, there is no increase.
