

BREAKTHROUGH THINKING: PRINCIPLES OF THOUGHTS

Man cannot live by bread alone but every word that proceeds from His mouth.

We have to be so dependent on what He is saying. There's a way of living to live above all trials, temptation and testing. Jesus did not die on the cross in vain. The price He paid for us He destroyed the powers of sin, sickness and the power of the devil and allow us to become devoted to heaven so that we can find the way back to God.

We need to know more and more how to connect with heaven so that as it is in heaven so it will be in our life.

Rom 12:1 *I beseech you therefore, brothers, by the mercies of God to present your bodies a living sacrifice, holy, pleasing to God, which is your reasonable service.*

Rom 12:2 *And do not be conformed to this world, but be transformed by the renewing of your mind, in order to prove by you what is that good and pleasing and perfect will of God.*

Rom 12:3 *For I say, through the grace given to me, to every one who is among you, not to think of himself more highly than he ought to think. But set your mind to be right-minded, even as God has dealt to every man the measure of faith.*

Rom 12:4 *For even as we have many members in one body, and all members do not have the same function,*

We must be in a place where we can think freely. The Holy Spirit can inspire us so that new thoughts can come into our mind. An old maid is a person who is stuck in their ways. When people marry at the later age such as 40 or 50, they have 50 years of baggage.

When the mind is free, the devil cannot operate on it. Believe in our heart and don't doubt in our mind, we shall have it.

We need to present our body so that it is living, holy, sacrificially given and sanctioned by God. Cain offered sacrifice rejected by God. We cannot offer God what we think is right. We must give to God what He is looking for. We must do what He wants.

If we give 5% tithe, it is not the right thing. In one single disobedient, we can lose the whole investment. Don't think that we are smart until we deceive ourselves. God wants to protect us. As long as our thinking pattern is not aligned in what He is saying, we are in a dangerous place.

We must not operate like the ways of the world. When our mind is free, the activities of our life will become wider. If our mind becomes renewed, our life will be transformed. The world will not be able to hold us down because we have been changed. When this happen we can discern God's will. What we don't know we will know. Some dimensions of heaven will be opened to us. We will find God's will and we can discern what is God and what is not. We will be able to know which thoughts we have is God's. Sometimes we choose what is not of God because we want something too much. It is our own thoughts and it's not God's.

By the grace given to us, do not to think more highly about ourselves. Don't always think that we are the best and everyone else is wrong. In the other extreme, some people think too lowly of themselves.

When our mind is renewed, our life is transformed and we can discover God's will and we will know our identify. Those who don't want to serve is because they don't know who they are. This misbehavior can be corrected because it is a mental problem. That's why education is important. If the education keeps confirming us to the ways of the world, we will be ruled by others.

If we have sound judgment and know who we are, God will give us grace. The whole aspect of life is to train this mind. If our mind is not renewed, our life will not be transformed. We can be changed a while but we will be pulled back again. If we want to be mature and grow from strength to strength, we need a strong mind.

1. Our mind can choose to subject and direction of thoughts.

Our mind can choose to think what we want to think. We can see things in our mind and we can choose any subject. If we think about the bad things people done to us, it will stay in our head. The more we think the more our emotions will rise and our mind become unclean and become contaminated. Everyone has the right to choose but we must choose the right things. We can stop talking what is not good and choose the right topic in our head.

2. We do not have the luxury of negative thoughts.

It is costly to start a negative thought. When we start to think negatively, it will affect our whole life. Negative thoughts produce negative emotions and negative emotions will produce negative reactions. People around us will also be affected by our negative reactions. When we put negative thoughts in, we will never have divine thoughts. Instead it will attract negative spirits and our emotions will be poisoned. Things that we can see and feel will suddenly change. We won't feel anymore and we can't see other things. This is a blind side. We will not just attract negative spirits, we will also like to find those with the same spirits. If we are righteous, we will not walk with the wicked. If we like the wicked, that means something inside us has changed.

Think of things that are pure, things that bring peace, find solutions, think positive thoughts and happy thoughts. The more negative we think, the more our emotions will be affected.

3. We must discern the thoughts that come into our mind.

Random thoughts are thoughts that we are not thinking but suddenly come to us. When it comes, we must discern and find out if it is God or men or demonic spirit. When thoughts come into our mind, we must test it. If the thought is a lie, then we are feeding the lie. If the thought is negative, it will draw negative emotions. Then we will start to talk like a scratched record and keep talking about the wrong thoughts. Every thought (random thoughts) that comes into our mind is not God. There is a source somewhere. It is sent with a purpose. Fiery arrows of satanic words can come into our mind. If we don't discern it and fall for it, our whole system can become corrupt. It's like a virus and we have to deal with it. While we are praying, suddenly a thought come into our mind and make us feel not worthy of God. That's not from God but a thought that wants us to be cut off from God. Random thoughts are like time bomb in our mind. It does not matter where we are. We can be in God's Presence worshipping, lying down, talking to one another, etc. the random thoughts can come. If the thoughts are not from God, shut it down. The thoughts can also be a lofty thought that makes us think that we are better. If the thought is not God, shut it down. We must not allow our mind to think that it wants to think. The

thoughts that are not discerned in our mind can destroy others. Those who slander and gossip has a very toxic mind. We must detoxify our mind.

4. Only the renewed mind is trained to accept God's final authority through the Scriptures.

The unrenewed mind will reject it. When we read the bible and if our mind straight away rejects it, that's the unrenewed mind. Most of the time, we are not blessed because we reject God's word. We must resolve the problem according to scripture. There are so many promises in the bible that wants to come into us. The bible is full of seeds, life, dreams, words, and hope. When we read and if our mind keeps rejecting it, miracles will not happen. God wants us to keep the baby and receive things into our life. God sends sowers to sow the seed so that the seed can come into the mind. When our mind is renewed, all these words that we read will come into us freely.

5. The present condition of our mind has a mixture.

It has good thoughts and bad thoughts. There is information inside that needs to be changed. There are good treasure and bad treasure. Always remember that there is always an aspect of truth we don't know. We may not have the full story. When we talk, talk with humility because we don't know the whole story. When God speaks to us something, search out what God is not speaking. Be humble enough to ask God to lead us to the whole truth. Whenever we share, our opinion, our advice, and God's word are all on different plane. Every day when God speaks to us, we redefine our data and fine tune the data. That's why we need to meditate, read the bible and think of things God's way and we will learn. Which part of our mind or subject that is unrenewed? The things we like, we will do research and our mind will be renewed. If it is a subject that we don't like, we will not be renewed in that aspect.

Church members who do not have a sense of accountability will be in line of fire. Covering is important. Coming into authority is important. If this authority is broken, there will be a slaughter. In order to protect others we have to live a holy life. That's why very few people become good leaders because they need to protect the people behind them.

6. Constant and consistent thinking produce a nature.

As a man thinketh, so the man becomes. Lucifer keep saying to himself that he will rise above God. Due to this he became Satan. He spoke these words to himself.

2Pe 1:4 through which He has given to us exceedingly great and precious promises, so that by these you might be partakers of the divine nature, having escaped the corruption that is in the world through lust.

God has given us His word. He has given us truth. By them we can become partakers of divine nature. If we listen to God's word, live on God's word, and practice it, it will become a nature in us. If it is a word concerning healing, we will be healed. God's word is life and God's truth can set us free. We receive the Holy Spirit but if we live an unclean life, the Holy Spirit can't live in the unholy pathway. If we keep thinking on God's word and the pattern of God's word, then we will develop divine nature.

7. Spontaneous creative thoughts come from the stirring of the Spirit of God.

We have to start our children young and pray in the Spirit. Ask them to pray aloud so that their mind can become free. If they pray in tongues, there is an inspiration of the Holy Spirit. When we pray in tongues, what is coming into our mind? At first it may be funny things but as our mind become settled and mature, the mind will reveal what our spirit receives as signals. This is how creative thoughts come.

The world may be going down but as we renew our mind, we will be growing from glory to glory. The more we start to think what God is saying, the more we will be fired up. God will send the fire from above but we must feed it with ignitable material. Consistently think until it becomes a nature in our life.

8. Present truth and the proceeding word can break the oppression of the unrenewed mind.

The present truth and what God is saying now can unlock our life. If we listen to what God is saying now and act on it, we can correct the consequence of the past. The past cannot control us and we can determine the future and find the way forward. Ignorance can kill. If we put in a place where we can hear, we will have the word coming direct to us. When we act on it, we will cut off the past. We will align ourselves to the future. From now till the future, we will have all things secured. The past will not hold us down. That's why the mind must be ready to absorb what God is saying. When we do this, we will be ready for greater things. Let's leave the lower things and go for the best. A lot of it are in the mind. Once our mind is free from all the facts and experiences, the obedience that we have and the knowledge we acquired will cause our perspective will change.

If we want to become better, we must ask the Lord to change our mind and let our mind be renewed.
