

APPROACHES TO TOUCHING GOD

We are touching something supernatural in this season and time. If there is no worship, there is no rain. If there is no rain there is no germination of the seed. If the seed is not germinated, we will not discover God's plan over our lives. A seed is just a seed but when we plant it, it will become a tree. It takes time. When the seed is planted, we have started a cycle. That's why every Sunday is important. When God stops speaking we will die. When we have God's word, we cannot die. We trust His words because that's the material to create new creation.

1. Prayer invades the impossible, making possible the impossible.

We must find out what the curriculum that we will use for this coming year. This is not any kind of prayer. It is not even the prayer for the sick. It is a prayer of the next level. Our challenge is not what is done but what is not done. They are things people don't dare to do. If we make the difference, the choices will come to us because we are better. The people will love to be where we are because we make the difference.

When people come to us, it is called stature.

2. Worship around the throne will bring the Kingdom down

Do not worship just to get something for ourselves. When we start to worship the right way, we will become more and more like the one we worship. God's nature will become part of our lives. When we lift our hands, sing and minister, powerful dimension of the Kingdom will come. Those who can pray Thy Kingdom come are only those who have gone to the throne. We must be skillful. It is not about how smart we are or how good we are. We must be changed in His Presence and changed into His likeness. When we worship around God's throne, we will bring down His glory.

The atmosphere must be clear and conducive and get good curriculum and good teachers to implement the curriculum. God is giving the atmosphere and the curriculum that we need.

3. Pray in tongues to build the inner man with stature

The Holy Spirit must come upon us.

In the beginning, darkness was covering the earth and the earth was void. The Spirit of God was moving.

Gen 1:2 The earth was formless and void, and darkness was over the surface of the deep, and the Spirit of God was moving over the surface of the waters.

The things that made the difference is the Holy Spirit. The Holy Spirit is the dynamic factor. It is the factor for change. When the Holy Spirit comes down, He changes everything and moves out other spirits. Every time when the Holy Spirit is moving, light is about to come. When nothing seems to be happening, something is going happen and the first person that will act is the Holy Spirit. That's why right through the bible God shows us that when the Holy Spirit came down, things changed. When the Holy Spirit moves don't argue with Him or strive with Him. If we reject the Holy Spirit we will receive other spirits. Demonic spirits are looking for bodies to live in so that they can do permanent damage to people.

What is the greatest promise God gave to Abraham? It is the promise of the Holy Spirit. Sometimes we don't value the Holy Spirit because we don't receive Him with any high price paid.

Gal 3:14 in order that in Christ Jesus the blessing of Abraham might come to the Gentiles, so that we would receive the promise of the Spirit through faith.

God sets a pattern for our future with the Holy Spirit coming down. If we touch Him, things will change because all other spirits will leave and there is freedom. That's why the Holy Spirit does not strive with people.

Never go anywhere that will make us vulnerable. We have to protect ourselves. We must be with people who can stand alongside with us.

When we are blessed with Abraham's blessing, the Holy Spirit will come to our life and we can go higher. We need the Holy Spirit. We can see the Holy Spirit manifested in Romans 8. He will quicken our mortal body and our body becomes alive. That's why we can defeat death and our body can turn around. If we know the Holy Spirit, He will lead us and take us anywhere He wants to go and never lead us to defeat. Allow the Holy Spirit to take over and our lives will change, atmosphere will change, state of our mind and emotions will change. What we don't know we will start to know. Even if we have not studied the subject, the Holy Spirit will teach us.

When we have the Holy Spirit we will carry God's grace. When we pray in tongues, our inner man will become stronger.

4. Explicit obedience releases the prevailing power that will change the next generation.

Delayed obedience is called disobedience. If we keep lying and telling God something and we don't do, we are delaying our obedience. We must live out our commitment. Explicit obedience will make us sharper.

Mat 3:15 *But Jesus answering said to him, "Permit it at this time; for in this way it is fitting for us to fulfill all righteousness." Then he permitted Him.*

Our obedience can open the pathway of life for others. We are life givers and dream inspirers.

We have dreams and God has a dream for us as a church. If our dream is to get out halfway, we will never become part of God's dream. Our dream must fit in to God's dream. If there is anyone rising with a vision in the church, it must be part of the overall dream of the church. We must inspire them and the dream must inspire us. Whatever we are doing, the timing is important.

A cake baked fresh tastes good but when it is left for a few hours, the taste changed. That goes the same with our obedience. When we delay our obedience, we will feel strange. We must have obedience on time. Don't harden our heart.

The devil hates us because we are created in God's image. That's why we must be different and do what the Father tells us to do.

5. Anointed preaching brings the word into our heart and mind

We must thank God for good car mechanic when we bring our car. If the guy is bad, our car will become worst. Not everyone knows how to repair a car. If they don't do a good job, the rest of the week and months will show the evidence of a lousy job. A good mechanic will help us save money and keep the car moving. In the same way thank God for those who had sown good seed into our heart.

If we want to plant anything look at the ground first. We must study the soil and look at the composure and what kind of plant it can support. If we have the wrong ground, it will not work. Know what seed we have and what ground we have. Those who can teach us and write the word of faith into the heart, we will have faith. Don't just talk. Minister. If we talk without grace, the word cannot be written. God wants us to speak and write into human heart. One word coming in will change our lives.

In the one hour of preaching, listen to everything and act upon what is ours. We may not be able to practice all 10 points but act upon what is ours to start. If we don't start somewhere, things will not happen. Keep listening. Keep hearing until what is ours come. They that wait upon the Lord will mount up with wings and fly.

The bird that knows how to fly will never look for a bridge to cross. The way we live our lives will change. We keep struggling because we are not the bird. God does not want us to be defeated. He does not want us to suffer. He wants us to be at the best place doing the best things. He gives us the opportunity to mount up with wings so that this week our lives will be better.

6. Supernatural God encounter will bring a sovereign touch of God over our lives.

We will become better each week. This morning when the wave of the Holy Spirit hits the place, there is a fast flowing river. We must trust God and enter it. The river will not kill us. It will only kill our flesh. If we follow the Holy Spirit, our life will never be the same again. We cannot introduce the Holy Spirit if we don't know Him. Sunday morning is training for all; to worship, to touch Him and to reach Him. This secret only comes from the heart who is hungry.

Nowadays people are so dependent on the smart phone because the phone runs our lives in so many areas. If we can depend on the Holy Spirit like how we depend on the smart phone, our lives will change so much. The Holy Spirit will teach us how to depend on God.

Be more and more dependent on the Holy Spirit and let Him guide us. Don't change what God has purposed for us. Keep purpose as purpose. If we choose a life to live for God, don't change for any reason. Be resolute with God and don't compromise with God.
