

DISMANTLING OUR PAST

The Holy Spirit is waiting for us to fill our lives with full of miracles. Signs and wonders can be our everyday life, every day, every hour, every month, etc. The miracle can happen continually in our life.

Mar 5:21 When Jesus had crossed over again in the boat to the other side, a large crowd gathered around Him; and so He stayed by the seashore.

Jesus crossed over to the other side. Everyone who has passed through the portal have a different operational ways. The result is the proof. When we touch God, our lives will be changed. We cannot walk with fire and never get burnt. We will feel the environment and spirit is sensitive to God.

*Mar 5:25 A woman who had had a hemorrhage for twelve years,
Mar 5:26 and had endured much at the hands of many physicians, and had spent all that she had and was not helped at all, but rather had grown worse--*

God is not afraid of facts. The fact was that the woman had an issue of blood for 12 years and the medical industry failed her. Faith is important because it pleases God. We cannot talk about walking in faith if we don't know who He is. Faith helps us understand God. Even by faith we understand. Without faith it is impossible to understand and find approval in God. He is the word.

The lady was not healed and not getting better. God is not afraid of facts. He is not afraid of our real condition and the real state of our life. It does not matter what condition we live in, we can tell God all about what we are going through. If we have faith, we can tell the facts but live in the truth. We don't deny what is happening.

God is on our side.

*Mar 5:27 after hearing about Jesus, she came up in the crowd behind Him and touched His cloak.
Mar 5:28 For she thought, "If I just touch His garments, I will get well."*

We listen. We want our children to listen to us. When they are growing up, we listen to them.

Worship in such a way that we can feel His Presence and when the Holy Spirit comes or leave the room.

After hearing, things must happen in our life. It is very frustration when instructions are given but people are not following. This will destroy the miraculous. It is easy to see the miraculous happen but we never want to start it. Even Jesus had to learn obedience.

The problem with us is our head. We are indoctrinated by the system and that's why we think in a certain way. God wants to set us free and He is our supplier. How God supplies us depends on the system that we set up for Him. When we set up the system, we expect the system to work.

1. We are already programmed to either fail or succeed

If no one is around our lives, whatever that is inside of us is programmed. No matter how hard we work, we can only hit that button and go back to square one. That's why Papa stopped being over protective because he cannot help anyone of us. Only we can help ourselves. Whatever that is inside of us now has preprogrammed our behavior. The way we will walk out of this way, think, work, etc. God has given us the choice to shut down wrong consequences. What will be has already been. If we plant green bean, we get bean sprouts. If we plant rambutan seed, we get rambutan tree. When we start to plant now, whatever that is accumulated inside our mind will come out in the future. That's why without God, the leopard cannot change the spot. Whatever the seed is, what the future will be.

Do we want to know our future and see if we can make it? Look into our own lives and don't judge others. When we look at our lives today, we must have the ingredients for tomorrow; like the wise virgins. If we have we will be the champions for tomorrow.

2. We have to deprogram all the seed that will destroy us in the future

We take what is good and keep it. Take what is bad out and kill it. Sometimes our computer is slow because there are too many things and occupying space. We must

clear the space. God is good to us and He helped us discern between good and evil to start our learning curve. Facts don't change is and facts don't have the power to change is. Believe the truth and the truth will set us free. That's why we must ask ourselves if the way we think, the way we talk, etc will help us. We can find out if we have balance to use for the future. What are the things in our life that is no use for us tomorrow? Cut it off because we don't need that.

We are responsible to deprogram all the negative seeds that will stop us from finishing destiny tomorrow. The mind for miracles must be programmed into our mind.

If all the things that is in Papa is dying inside of us, then there will be no future. But if all that is in Papa can spread to the rest of the earth, it will change the whole earth. We will be the ones activating the miracles and not just the spectators. Deprogram everything that can short circuit the miracles and not be used by the enemy.

Facts, experiences, opinions

Experiences can be good or bad. Use the good experiences to cancel out the bad.

There can be many opinions but only the truth can set us free. Cut off all things that are no use. Cut it off so that we can be lean and mean. Some knowledge will only lead us to bondage. Anything that is negative cut it off.

3. Reprogram

When we take out all the wrong things, we will have a lot of space. If we don't reprogram and put in new seed, we will never have a greater harvest. We must deal with the present. We must put ourselves in a place where people are sowing good things so that in the next 6 months, we can become better. Ask people to sow good seed into us and put in fresh seed so that our future will be better than the past. Take time to sow in ourselves righteousness. Listen to the best sermons and read the best books so that we can be set for the future. Reprogram is to buy the extra oil so that we can be ready.

We are made for challenges. Champions can see the challenge they can take and overcome. Champions don't die easily. They know how to withdraw to fight another day.

4. Have the ability to update and upgrade consistently so that we are at our best

Have the power to unlearn and relearn. We must be consistently upgrading. If we are not upgraded, we will not be updated. Many of us are living in the old. The old is to believe everybody's report. If we believe the report of the Lord, then stand with Him. We must learn to challenge ourselves.

We will be the best critic of ourselves. Criticize ourselves left, right and center so that we will not be judged by others. If we raise a high standard for living, then no one else can complain. This attitude in life will set us free. Give ourselves a chance to succeed. Only we can write our own success story.

To succeed once and fail tomorrow is easy. To succeed consistently without allowing failure to stop us is God's way to bring us from glory to glory. God measures everyone according to our ability.

We cannot go deeper into the water unless He measures us and allow us to enter.
