

## **GOD'S HOUSE, MY STOREHOUSE**

### ***Text: Haggai 1***

When we love the Lord everything spiritual carries a new meaning. When we are connected to the house, we must be connected accurately. God wants us to rise to protect one that thing He is building on the earth; the church. The church has been given the assignment to bring in the Kingdom. When the church rises and bring Zion and is built upon the pillars of Zion, we will be able to birth the Kingdom and the Kingdom will manifest. Our accurate involvement with the church according to what the Bible says will bring His Kingdom down.

Jesus said He will build the church and the gates of hell cannot over power it. We should be having victorious people, strong, growing, participating people. Church must have accurate people in there. If we don't build accurately at the right time and right way, we will lose a lot of people.

Worship the Lord God and serve Him only. God is in heaven and serving God is the serving of people. Worship and service go together. We cannot separate them. Worship is an important aspect of life. If we worship God the right way, the service to people is automatic. Most people are selfish and looking for their own interest. That's why we have to keep serving so that our purposes can be established.

*Hag 2:7 'I will shake all the nations; and they will come with the wealth of all nations, and I will fill this house with glory,' says the LORD of hosts.*

The God of the House will fill this house with all these things. The things that we need are placed in this house. That's why God's house is a Storehouse for us. If we are not moving in the heavenly places, we will have no access to what God has given to us. God has given us all things. Even though the things are ours and God has given us, we have to get to the heavenlies and to those who knows where to go to access it.

God will not allow the force of religion to extend the tenancy of the devil. That place and that aspect will no longer be his. If we want to deal with the devil, we must deal with him

legally. Fighting and binding is not just a show. It is an exercise of authority and that authority has to be legal. A lot of us can get ourselves into trouble if we are not under authority. If we challenge the devil, he will challenge us especially if we are not under authority. If we want to defeat the enemy, we must understand this chain of command. That's why in Haggai, God spoke to the governor and the high priest. God is making His house glorious.

As long as we see the church are just people and fellowship and not build on the Pillars of Zion, we will lose our strength. God is every way and every form is using His house to touch us to keep us in and connected so that Zion can come down.

We need competent people. Sometimes with only 1 person who carries competency, they change the whole atmosphere of the place and environment. Just one person a whole domain can change. Get connected to what God is building. Worship the Lord your God and serve Him only.

### **God fills His house with peace.**

*Hag 2:9 'The latter glory of this house will be greater than the former,' says the LORD of hosts, 'and in this place I will give peace,' declares the LORD of hosts."*

God is going to build into His house peace from heaven. When we enter His House, God wants to deliver us from all oppression. He is shaking the nations.

*Hag 2:6 "For thus says the LORD of hosts, 'Once more in a little while, I am going to shake the heavens and the earth, the sea also and the dry land."*

In the midst of all shaking, God will put peace in His house. Outside we don't have peace but inside the House we have peace. If we don't have peace, we will be in contention and there will always be conflict and if we don't have peace, we will release conflict into the environment. This peace is caught when we come into the House. When we come, let God fill our heart and mind. Be at peace with all men. Peace is the reason for increase. If there is no peace, there will always be disorder and disharmony. Peace is powerful.

When we come to worship, we must get ourselves connected to that peace. There's no barrier between us and God. When we have peace, the enemy will have to sign a peace treaty with us and leave.

When we come to worship, don't just sink. Don't just sing a song. Collect peace. God will work all things for good. Our mind will be clean and strong and properly aligned to heaven.

### **The Latter glory**

This is the indestructible life of God. When we come on Sunday morning, draw the light in God.

*Hag 2:3 `Who is left among you who saw this temple in its former glory? And how do you see it now? Does it not seem to you like nothing in comparison?*

The indestructible life will become more and more real to us. Church is not a building. Many come in a natural state to attend church, sing and live a natural life. Tap something further. The Life of God is flowing in this place. When God connects us with His Life, our life will change.

If we want to cancel our appointment with death, do what we have been told to do. We can live our future life now. We can experience the life of heaven on earth. We must not just be reading about the life but live the life. The latter glory is life. It is this indestructible life (doxa) that changes our character and our way we live.

## **The Prayer and the Proceeding word**

Every time when we come to God's Presence, the thing that we must run after is the prophetic word. If we do this, we will touch the supernatural dimension of the church. Otherwise everything is just natural.

Secret things belong to God but the things revealed belong to us and our children. It is the glory of God to conceal the matter. It is the glory of kings to search it out. Then mysteries will become simple. Things that we don't understand will become simple.

We are powerful. We are building into the future and it cannot collapse. God gives us a guarantee if we listen to what He is saying and do what He is saying. The winds, rain and flood will come but our house will stand. Do ourselves a favor and don't fail ourselves. The greatest enemy is ourselves.

## **Boldness and Courage**

Confidence will release faith for the miraculous. There are thousands of things people stop to do because they do not have courage. Don't let our fear eat up our faith. When we have aggressive faith, it pushes the devil away. The devil speaks to our fear but God inspires our faith to do things bigger than ourselves. That's why we can become a different person.

The best place to train is in the house. So many artists in the world started in the church.

Our church must breakthrough to the next level.
