

STRATEGIC MEN BEHIND ENEMY LINES

God wants to establish His Kingdom and this is the first priority. Seek ye first His Kingdom and His righteousness and the increase of His government there is no end. We must understand that God has plans. He saved us, healed us and delivered us not to throw us into the world but to cross over. It is not by might, not by power but by His Spirit.

Let us not lose sight. Focus the plans that God has for us. God is never too late, never too early and always on time. It is His time. When God moves, devil moves out, and God's people move forward.

When we engage the world, we must know which side we are standing so that we can be on the Lord's side. Systems don't come until there is a right man. Unless there are right people at the right place who will follow commands, the powers of darkness cannot be pushed back. There will be an incredible day of knowing, and limitations will be broken.

One battle is for the victory and the other battle is to keep the victory. The third battle is to be able to pass it on to the next generation before it is too late.

God has given the Kingdom Mandate to the church

Until the political party has been sold out to God, at the moment we carry the mandate.

When we take the mandate we will cross territories

Different mountains and the swine will be at this mountain. Other things will be at different mountains.

When we cross the territory, there will be inevitable clash because the standard of the church is higher.

We only have 24 hours and we cannot be involved everywhere. If God wants us to be involved, He will expand us and not expire us. We will learn how to wear many caps at the

same time. If we can only do 1 thing at a time, stay with that 1 thing. There are others who can wear a few caps and make time for them. Even when time is short, we can do more work than others if we are skillful. One hour to some people a little bit is done. For some others 1 hour can do so much.

Output of work must increase with the same time. It is people like this God will expand them. We need people who can do much work in a short period of time. We need to do God's assignment.

In the new territory we will meet opposition. When we enter into the territories, there will be clashes. That's why we need to go to the journey with Him. It is Jesus' invitation. The Holy Spirit and the leaders have to get involved to release the person. Barnabas and Paul were 2 pastors or leaders in the house. The Holy Spirit will ask us to set aside for the assignment. We must pray and release them so that they can engage the society. Just because there is a change of government doesn't mean it's free for all. We have to be clear what our assignment is.

*Mar 5:2 When He got out of the boat, immediately a man from the tombs with an unclean spirit met Him,
Mar 5:3 and he had his dwelling among the tombs. And no one was able to bind him anymore, even with a chain;
Mar 5:4 because he had often been bound with shackles and chains, and the chains had been torn apart by him and the shackles broken in pieces, and no one was strong enough to subdue him.*

Malaysia were coming into this state and no one was able to stop this rubbish. When Jesus came, things happened. He was strong enough to break the power of corruption and the ways of corrupt men. God raised one who was stronger to tie up the strong man of the city.

The assignment was given to that Man and His name is the Lord Jesus Christ. He comes.

Jesus came with the assignment to change Malaysia. He is the only governor and King. No demon will bow to men. This will be the God factor that will change nations. When He comes, He will speak all things and reveal all things.

Why the devil want to keep the man?

When we go to the other side, the winds came to the boat and nearly crushed them. Jesus was sleeping in the boat. When we don't think that He is doing something, He is actually doing something.

What we carry is dangerous. The enemy is afraid and he used more people to hold one man. We face one problem after another and before we can breathe, another problem comes. The devil knew we have something. First plan is not to get caught. Second plan is no resistance.

Mar 5:10 And he began to implore Him earnestly not to send them out of the country.

1. The devil had used the man to rule the country

Demons are territorial. No one was strong enough to subdue him. The devil used him to keep controlling. In warfare there's always someone yielded to the devil. Every domain is the same; business, political, education, entertainment, etc. What is the devil looking for? To control the territory.

We must not allow the devil to cross. We must cross over to take over. If the devil uses people to control the country, God uses the people to rule the country also. That's why we have to pray every day and become strong in the spirit. When we receive the word, we must act and make the contribution and become a territorial church and push back the enemy.

Mar 5:11 Now there was a large herd of swine feeding nearby on the mountain.

Mar 5:12 The demons implored Him, saying, "Send us into the swine so that we may enter them."

Mar 5:13 Jesus gave them permission. And coming out, the unclean spirits entered the swine; and the herd rushed down the steep bank into the sea, about two thousand of them; and they were drowned in the sea.

Whatever mountain it may be, we need people to rule. If each of us is a ruler and controlling certain territories; in business we are the best, education we are the best, etc. We want people to be successful and having breakthroughs.

2. The devil used the man to shut out the region

That one man was used by the devil to such extend that no one can pass that way. Demons used people to shut out entire regions. Demons can shut down development. When we push corruption back, corrupt men will die and people will be able to live right. We open the region.

3. The devil use the man to create fear

People want to climb the mountain but they were asked not to go because of the demon possessed man. What create fear is not frightened.

4. To control the economy

There was pork industry and for the Jews it is a taboo. There are pigs at the mountain and the mountain is one of the domains. When the herds jumped down, the herdsman ran away and reported to the city. When the man is possessed, they have fear. When the man is redeemed, the city was frightened. They are not sure what they are fearful about because the fear was there for a long time.

5. The devil used the man to deny God of a strategic man

If some of our relatives got saved, they might spark the activity of the Holy Spirit. The mercy of God is about to come down. Don't think in our mind. Just press the button and touch the right person. We won't know we might trigger one person and he's the strategic man. Keep speaking and don't hide it.

The devil hid this main who can touch 10 cities. Don't deny God the right men by keeping silent.
