

## **PRINCIPLES OF WARFARE**

We have to trust God fully because we don't see in different aspects but God sees everything. God wants us to be ignited with the Spirit of Prayer. Everything that we hear must be translated through our mouth by prayer. John's disciples were taught to pray. The call to pray is real. God wants to give us and put into us something that will help us live the day better and stronger. He does not want us to get out of the bed falling down. We have be charged with God's Presence during the whole day. God wants us to pray for Malaysia and see the fullness of what God has planned for Malaysia in these 14 months.

God has to set us free. The more we pray and the more we sit in God's Presence, the safer we will be.

The Church in Malaysia must take her place in God's council chamber. The church in Malaysia must lead the new nation. Don't worry about what people say. There are many good people on the ground. They may not have experience, but they have character. Experience can be found along the way but character is hard to find. God can place His government upon their shoulders. When we enter in, the church must identify good ones and work with these people, help them and not be controlled by the political awareness.

Politics are as old as the bible. Some people won't do anything for money and some will do anything for money. Corruption is not limited to a certain race. If we keep doing the same thing the corrupt way, we will be baptized in sin and the next person who takes over from us will also be stuck in the sin.

Equalization is important in the church. We must receive the same grace Papa has because what he has protected his life.

*1Co 10:12 Therefore let him who thinks he stands take heed that he does not fall.*

*1Co 10:13 No temptation has overtaken you but such as is common to man; and God is faithful, who will not allow you to be tempted beyond what you are able, but with the temptation will provide the way of escape also, so that you will be able to endure it.*

A lot of things start in our mind. Our brain has a mind of its own. A lot of Christians are weak and wavering in their mind will not receive anything from heaven. We can ask for a hard thing as long as we are willing to pay the price. If we don't pay the price of it, we won't receive. God is faithful and God will not allow us to be tempted beyond what we are able. He always

provides a way of escape. Nothing can stop us. When God puts us in a thought pattern, nothing can prevail against us.

Don't think in our mind and try to analyze in our head. We cannot choose what we go through; why we got hurt, why the offense took place, etc. What we are going through no one can stop it. The lesson that we want to learn, we have to learn it. In order to go to the next level, there's a certain foundation we needed to go up. Certain kind of job requires certain kind of skills. There is much effort in fulfilling a dream. To fulfill a dream, we need to wake up.

In the technological world, things are moving very fast. If we can see how fast it moves, in the spirit world it can move as fast as well. We can become better and upgraded very quickly.

We must allow God to move in. Create space for God to come in and He will push the enemy out. God moves in, devil moves out, and God's people move forward. It can happen every week. God is kind and wants to take us to the next level. It is inevitable that we go into battle. Without battle there will be no victory and no celebration. Let new strength come upon our lives and new thinking pattern come upon our lives. We will not be afraid of sin and lawlessness. Fear will fear us and doubts will fear us. Intimidation will be intimidated by us. God is blessing us with foresight and see things we have never seen before. All these things will equip us to deal with the enemy.

*Eph 6:10 Finally, be strong in the Lord and in the strength of His might.*

Finally is the last thing before a new thing begins. We come to an end to the old chapter and enter into a new phase. When we ask for a hard thing, the answer to the hard thing depends on us. God wants us to win. The problem with many of us is that we don't understand that God wants to start a new thing and but cut the old of our lives. Nobody can become a victim unless they have given themselves up to that area. We don't have to be defeated.

### **1. Operate from the position of strength.**

Negotiate from the place of stature. We cannot start weak if we want to launch a project. Everything that is going to make an impact and influence must start strong and give continuous support.

## **2. We must never fear what the devil can do**

Whatever he has planned cannot destroy our lives. The Holy Spirit is leading us. So it does not matter what the devil is doing for 40 days and 40 nights. We are not an ordinary church. If we feel ordinary, then we are not in the right church. Some things we need to move fast and some things we need to go far. Pray more and fast more and talk to him more. It does not matter what the government do or the opposition does. There is a Leader (the Holy Spirit ) we are following and that Leader does not follow the devil.

**Luk 4:1** *Jesus, full of the Holy Spirit, returned from the Jordan and was led around by the Spirit in the wilderness*

**Luk 4:2** *for forty days, being tempted by the devil. And He ate nothing during those days, and when they had ended, He became hungry.*

The devil may be working all out and yet Jesus was following the Leader and the Holy Spirit was working from the inside. Demons are working from the outside. Jesus was victorious because He followed the One on the inside. Jesus lived this way despite His physical needs. He has the hunger and thirst for the righteousness of God.

**Luk 4:13** *When the devil had finished every temptation, he left Him until an opportune time.*

**Luk 4:14** *And Jesus returned to Galilee in **the power of the Spirit**, and news about Him spread through all the surrounding district.*

## **3. Our battle is not against flesh and blood**

We don't know how powerful we are. By making the choice, we can turn a situation from defeat to victory. When Jesus was filled with the power of the Holy Spirit, news will spread. What God gives to us is our answer out. We don't have to look for another answer. What He gave to us and deposit to us, we don't have to look to the left or right. The answer is inside. Don't push Him out. As long as the Holy Spirit lives in us, we can be in the spirit. Anytime God summons us, we can be in the spirit. The Holy Spirit dwells in the spirit and we are not in the flesh. That's why we can become better; not in the flesh but sharper, stronger and more perceptive in the spirit. No one can lie to us. We carry the Spirit of Truth. We have to take the battle to the right place; not flesh and blood. The Father and the Holy Spirit and Jesus and Papa can speak to us. We must take all of these after flesh and blood. Don't keep blaming people because

the people are also looking for answers. Preserve, protect, and provide. We must understand who our common enemy is and it is not one another.

#### **4. There is an evil day coming and the battle will be fierce**

Those who are trained as a marine or navy went through vigorous training. Those who can survive the training come back powerful. The evil days are coming and we can be ready and not be caught off guard. We must not be afraid of what comes from the outside. What comes from the inside will be able to swallow up whatever that is the outside.

#### **5. The weapons of our warfare are not carnal**

They are not easily destroyed. God is not giving us plastic guns or rubber bullets. He's given us real stuff. We will be able to see demons with eyes open and see them tremble. Our weapons of warfare are powerful and strong and will help us win battles. The key of the Kingdom that God has given to the church is the power of the prophet's voice and the shout of the King, the roar of the Lion.

#### **6. Take the sword of the Spirit; the rhema word of God**

This is the offensive weapon that God has given to us.

#### **7. We will pray for men to be changed so that they are the strategic men of stature**

God will look for these men and they will become strategic men for His use. Between policy and fulfillment, there must be execution. God must give the man the wisdom. Business is not hard work, it is the hardest work. We must find an answer. Every business is different and the answer that comes is also different. If we try to copy other people, the chances are that we will fail.

Whatever that is inside us must be polished so that we can become the answer to the world. Strategic man is not just the one who can explain the dream but also the answer for the future.

With just one strategic man in the department, that department will prosper.
