

YIELDED AND SURRENDERED TO GOD IN WORSHIP

Those who believe God will keep doing it and move forward. There will be obstacles but keep moving forward and God will carry us through no matter how difficult it is. Every limitation can be broken. We need to hear and do things rightly. The 14 months countdown for Malaysia is an important time.

Rom 12:1 *Therefore I urge you, brethren, by the mercies of God, to present your bodies a living and holy sacrifice, acceptable to God, which is your spiritual service of worship.*

Rom 12:2 *And do not be conformed to this world, but be transformed by the renewing of your mind, so that you may prove what the will of God is, that which is good and acceptable and perfect.*

Rom 12:3 *For through the grace given to me I say to everyone among you not to think more highly of himself than he ought to think; but to think so as to have sound judgment, as God has allotted to each a measure of faith.*

If we don't want to give our physical life, time, strength and help, our worship will not be on. To be reasonable is to be in spiritual worship. What are we supposed to do? Present our body as a living sacrifice. We give ourselves to God. Surrender our body means to surrender our time, taste buds (what we eat and what we should not eat), skills, etc.

We engage ourselves in the work.

Rom 8:12 *So then, brethren, we are under obligation, not to the flesh, to live according to the flesh--*

Rom 8:13 *for if you are living according to the flesh, you must die; but if by the Spirit you are putting to death the deeds of the body, you will live.*

We are not under any oppression or under the flesh but do what the Spirit wants. God is moving in an accelerated form and doing things very powerfully. Every deed that we do is in our body. Even if we sin our mind, ultimately our body will take over. Put to death everything that is contrary to the Spirit. Character is important because it will express through our body.

Sin age will come to an end and righteousness will prevail. Ask God to help us understand. Sin and sicknesses can be destroyed. Death can be stopped because we have the Holy Spirit with us. He who raised Christ Jesus is with us. We must put an end to the flesh and we will live and the Holy Spirit will give us life to our mortal body.

There are timings in God for us to change. Believe in our heart that God will sow into our mortal body so that the process of the Holy Spirit can move faster. Pray in tongues more

than anybody else until our spirit becomes tuned and our frequencies sharp. We have to push because the Spirit is not silent. By the Spirit put to death the deeds of our body.

Servants don't worship. Only sons worship. The Father seeks those who will worship Him in spirit and in truth. Spiritual form of worship is through our body. If we are into worship, God will open up for us all the things needed in our lives.

God wanted the best for us; the best High Priest and sacrifice. Jesus Himself became the sacrifice so that we can be set free.

Rom 8:23 And not only this, but also we ourselves, having the first fruits of the Spirit, even we ourselves groan within ourselves, waiting eagerly for our adoption as sons, the redemption of our body.

The problem with Christianity is spirit. God knows our spirit and God also knows our body is killing the spirit. We must become mature sons.

Rom 8:15 For you have not received a spirit of slavery leading to fear again, but you have received a spirit of adoption as sons by which we cry out, "Abba! Father!"

If we are truly sons, our body must be here to bring joy to the Father. Today is an important day for new things to happen in our life. Give our body back to God.

Do we want to find out God's will? Our mind can be renewed to find out God's will. The mind that God gives to us can search God's will and speak to us. When we start to practice His word now, and when the time comes when it is needed, the Holy Spirit will carry us through.

Put to death the deeds of the body so that our Holy Spirit can give us life. Don't learn when we are sick. Learn before we become sick.
