

## **PROPHETIC FEATURES FOR THE DOUBLE DECADE OF OPEN HEAVENS**

We must look after our faith and everything we do must be in line with what God is doing. If we need a higher storey house, we need to lay stronger foundation. If we want to go up high, we must listen. There are many things that can take us out; temptation, trials and especially circumstances.

When God can find one man, he can change the whole generation; Daniel, Joseph, Jesus, David, Gideon, Paul, etc. When God can change the man from cave mentality to battle mentality, the seven years of oppression were gone. How long do we need to grow up or know the bible?

We must receive from Papa and we multiply it. If we just keep it, nothing will happen. When we lay hands on the sick, the sick must recover. When we pray, God will answer. This is the law. When we call upon God, He will appear because He cannot deny Himself. He is great and mighty and we are His seed and we must be great and mighty as Him.

God is about to act and those who know Him will also act. What must we do in this double decade? We must bring everything into consummation. We plan our strategies for months so that when the day arrives, we are ready. If we don't plan, when the day arrives, we won't be able to compete. And even if we are not well, we will still have to run because that is the set time of the competition.

This is the kairos moment. Now is the time that in the midst of noises, we can hear God's voice. If we never set our priority for Him, we will never set our time for Him and will always put Him last. People will move away once they have financial problem or work issues. Why do they do this? Because they don't know who is the Lord. Things will only work when we choose the right time and do things at the right time.

There is a time called ignorance. Ignorance is when the people don't know what God is saying.

*Act 17:30 "Therefore having overlooked the times of ignorance, God is now declaring to men that all people everywhere should repent,*

*Act 17:31 because He has fixed a day in which He will judge the world in righteousness through a Man whom He has appointed, having furnished proof to all men by raising Him from the dead."*

**1. God is going bring a tremendous flow of revelation.**

How are we going to tell people they are blind? They must discover themselves. The people must see the crisis and that can only happen when reveals to them in the Spirit of Revelation. The Holy Spirit must get to us.

The times of ignorance are over. We can no longer plead innocent because of ignorance. We cannot say we don't know red means stop. God is now declaring to men, all people everywhere and those who will listen will be blessed.

For the first time in our lives, there will be flow of revelation that will confront errors and provide knowledge. Something higher is coming. Help is not coming from Google but from God. What God gives to us will become clearer and sharper. We must be connected to heaven.

**2. God is building His house so that we can live with Him and live in His Presence.**

We must be wise to build with the Holy Spirit. We must know what Jesus did and what He said and what He has accomplished for us. The Father's will can be done. Seek Jesus the Son and seek the Holy Spirit to empower us to do His will. The Godhead will be actively involved. The Holy Spirit will be greatly involved in the building of the church. We are coming into what He is building. Don't dictate our terms.

He is always 1 and we are always 0. If we put Him first, God will change our numbers according to His will. The Holy Spirit will speak to us. He has the plan and He has the blueprint. It will become clear to us because the Godhead will become actively involved.

Increase our capacity for more of the Holy Spirit. There's coming a day during these double decade, we will know the Father. We will know what is sonship. At the moment we are just converts and believers. We will become sons when we are related.

God the Father speaks about the Son, the Son speaks about the Holy Spirit. The curse of this generation is that they take serious things lightly. There is no fear of God in their lives. It is dangerous to try drugs. It is dangerous to try evil and think that we

can come out of it. We cannot escape because the devil will stir up the sin nature and sin becomes our main priority in life. This is when slavery and oppression comes in.

We don't get the best because we don't live in the best. The curse of this generation is to take everything by their strength. This kind of strength is not from the Holy Spirit. God wants us to be blessed and no one wants us to be blessed more than God and yet we don't trust Him. We can lie to people but we can't lie to ourselves and lie to God. God knows our heart and if we are not found prioritize for Him, He knows.

Get the life of God back inside of us. This is what every parent would want and this is what Papa wants. This house must be a place where God can touch His people.

There's going to be a river of revelation. Our eyes will be open. Who knows the things of God and the things of the Spirit other than the Holy Spirit? He is coming and we will receive another measure.

### **3. Life is going to become very powerful.**

Sin will become easier to overcome because we live in the righteousness of God. We don't have to sin. We can rule over sins, wrong thoughts, and wrong emotions. We will see people's lives change. Suddenly they will come out of drugs or sin and come into repentance. God is giving us power to heal the sick and raise the dead. God will give us the power to change lives.

We will carry power and compassion. We can look at someone and know what they are and who they are and transform them. They will be like clay.

God is going to do an amazing work. These 20 years will be the year that we are waiting for.
