

THE SIGNS OF AN OPEN HEAVEN

The Spirit of Revelation. Collect information and receive all that God gives to us.

The Spirit of Understanding. God will give us special grace and the mind of Christ to interpret what God is saying. From here we will receive the Spirit of Understanding. We must hear carefully what God is saying or else the devil will twist the Scriptures and confuse us. We need a good mind to interpret the revelation. Understanding comes when revelation is complete.

God will show us the cause of our needs or problems we have. Jesus didn't solve the disciple's problems. He gave them the Answer; the Holy Spirit. When He comes, He will teach us all things. Jesus taught the disciples and showed them that the Holy Spirit is in Him and how to work with Him.

The Spirit of Wisdom. This is the result of understanding and revelation combined together. Suddenly we know what to do and when we do it, we stopped the attack and oppression of the enemy. When we have wisdom, we will know how to execute. God will show us the way and things will fall in place.

If God wants us to be a soldier, a teacher or a businessman, He will supply the grace. We won't just know the spiritual but we will also know the natural. If we cannot see, we will always be at the disadvantage. When revelation comes, our life will become very exciting.

When we make decisions in our life, we must know where we are going. We cannot be wise by making wrong decisions. We need the discerning of spirits.

Mat 13:18 "Hear then the parable of the sower.

Mat 13:19 "When anyone hears the word of the kingdom and does not understand it, the evil one comes and snatches away what has been sown in his heart. This is the one on whom seed was sown beside the road.

Mat 13:20 "The one on whom seed was sown on the rocky places, this is the man who hears the word and immediately receives it with joy;

When revelation comes, God is giving us life. Our mind must continue to interpret it until the Holy Spirit manifest. The more we trust the vessel who is speaking, the better we will be. Check the vessel and see if the Holy Spirit is working in the life.

How do we know and what are the features? We need to be able to identify it at many angles.

1. There's freedom of the spirit in the inner man.

When God moves, the spirit of people are released and there is a flow of life, their spirit will become free. It is easy to pray in tongues and lift our hands and pray because the heavens are opened. When we have this kind of freedom and buoyancy in the spirit, we are at the right place. If the freedom is there, something will happen.

If we pray in the spirit and there's a struggle, there is no open heaven there.

2. There is liberty in the atmosphere

There is no fear. There is free flow of relationship. When relationship is bad, the atmosphere in the house changed. When the father is angry, the whole atmosphere in the house becomes negative.

We can sense the atmosphere is changing; not internally but externally. When there is liberty, we will feel like singing. When we are free inside, the atmosphere around us will change. That's why good people carry good atmosphere.

3. There is a sense of expectation and faith

We can feel that when we pray things will happen. We will feel that we have to do something. We are conscious that something is about to happen. When we feel this, we must hear what God wants to put in.

4. The mind of God's people will become God conscious

We will think God-ward. Our affections is set to heaven. When faith is rising and expectation rising, our mind will be arrested and we will be thinking about God. This is very important if we want to song lead or lead in prayer. God must place thoughts in our mind. When heavens are opened God wants us to interact with Him.

What we capture must build momentum so that the water level can increase. Sunday mornings are important because we are dealing with atmosphere and spirit. When there are too many voices in our head, start praying in tongues until all other voices comes down. Then God will speak to us.

5. Song leaders and prayer warriors will become aware of the awakening.

Song leaders have great privilege. We are not just leading people to sing but become part and parcel of the Spirit. It's not about how good the song leader is but it is about how much water level we have. When the water level increases, all the things that are hiding behind will come up. Worship brings cleansing and stop the activity of the devil. Whatever style we have, we must get the water level to increase.
