ENTRANCE POINT TO ZION

The pattern that God gave to Moses is different from the pattern in Hebrews.

God is bringing the nation to Him so that we can return back to God. God wants to turn the nations around.

Demons are dangerous because he is trying to divide the church from within. But God wants to bring us to Zion and rule from Zion.

For the last 2000 years He had been a builder. Every brick becomes a living brick. Until now God is still making men. A brick become a wall and the walls in the right places will become a house.

If we are building with Him we don't have to fear because God is shaking everything and the remains will be the things that cannot be shaken.

Zion is a powerful place and we are not permitted to enter unless we are accurately aligned.

There are so many things God wants to do in the future. Every aspect of life must be taught in the house.

When we set the proper infrastructure the Holy Spirit will come. In the house we learn how to build the atmosphere.

The Kingdom is bigger than the church. The church is a small part of the kingdom. We can come into the church weak and leave the church strong.

Acts 13

Set apart Barnabas and Paul. Does that mean they do their own show? In the church now so many people are doing their own show and say that they do not have time. Time is set on our own and we give time. We have to set priority and go back to our assignment. That's where we start.

Go back to the upper room where we have holy Communion and receive new commandment. That's the place of assignment.
People come back again and again because this is the place they meet with God and tuned themselves accurately.

When the church moves into Zion, she will have the power to do Kingdom things.

Jesus is building the church. The Holy Spirit is connecting heaven and the church together. We can build in such a way so that the Holy Spirit can come down. We can build alone. We can only build when the whole group is ready.

When the church is accurate, the dimensions of heaven will flow very freely. We will then work smart and not work hard. We can lay our hands and the sick will be healed. Let our faith heal somebody and let our lifestyle bring another people to the church.

The church is a powerful force. The church is the first phase, second phase is Zion and the third phase is the Kingdom. We may not understand now but pray for the Spirit of Understanding to come so that wisdom will be in our heart. While we are thinking about it, God can give us the words. If we go to the right person and speak the word of God, supernatural manifestation will come.

We can be an ordinary Christian or we can be extraordinary. The choice is ours. If we want to see the supernatural, we must sow the right things. The right things will bring the right results. If we want people to be healed, the sick has to be present.

The entrance point to Zion is the blood of Christ.

Hebrews 10:19-23
1. Boldness or confidence

Confidence to enter. It is by the blood of Christ we can enter and we can enter to the Holy Place. The river of the Holy Spirit connects us to the throne. The Holy Spirit is about authority, power, chain of command and the supernatural. Wherever the tree goes the tree will come alive.

We are confident because we know what Jesus had done. If we don't know what He has done, we will have no confidence in anything. He showed us how to overcome temptation, deal with sin, religious leaders, and satanic spirits in people, etc.

When we pray Kingdom prayer, we will execute Kingdom authority over the powers of darkness. Pray until we have a breakthrough. Pray until the Holy Spirit come into the room. Don't just pray alone but cross the line and be bold to enter. Every one of us can experience greater things and another level.

2. The blood of Jesus paid the full price.

God paid the highest price for us. We are redeemed by the highest bidder. When the blood Christ was shed, this was the highest price heaven can afford. The devil cannot counter offer this price.

3. New and living way

This way was opened up after Jesus came and died for us. This is what we need to have and the understanding for it. It is a dedicated and legalized pathway. It is not a new religion. If we walk this way we will be better. It is fresh. When we take the Holy Communion, we don't think far and deep enough for our emotions to be affected. If we can't be moved by what the Lord has done for us, we will feel nothing for God. Otherwise we will be thanking God every day.
4. Legalized dedicated line

We have direct communication with Him. We have the Great High Priest over the house of God. Keep an open heaven over our lives so that we can bind whatever that is in heaven and also pray down to earth as it is in heaven. Don't just enjoy the facilities of the church. The work must finish. Don't let the work wait. Even God has to finish His work and He rested on the 7th day.

The church must function fully. When we finish the work, Zion will manifest.
