

BUILT TO LAST CHURCHES

The Kingdom of God must advance in order to change the world. That's why we must keep speaking the word of God and keep teaching the values of the Kingdom of God. If we just leave it to the world, the value systems will go lower.

If we want to see the nations go up, we have to grow up and make a difference. We must become the voice and not the noise. God wants to wake up the church at this time. God is telling us that we are the answer and we can become the answer. Provide that answer and make the difference.

Matthew 16

We live in the land of Goshen and no matter what is happening outside, we are under God' covering.

The Kingdom of God that is coming has its own direction. The church has the privilege to bring this Kingdom down. That's why we have to be built accurately so that we can bring that Kingdom. Be part of the church that is moving on with God.

Who do we say the Son of Man is. Revelation of God is more important than public opinion. When the revelation comes forth

in the church, we may think that it's our thoughts or pastor's preaching. But it's not. It's from above and we must pick up this flow of life.

The greatest agenda of the world is revealed in the church. At the end of the day, this is the only legal entity on the face of the earth.

1. It reveals the heavens and the earth

John 6:14-15

¹⁴ Therefore when the people saw the sign which He had performed, they said, "This is truly the Prophet who is to come into the world."

¹⁵ So Jesus, perceiving that they were intending to come and take Him by force to make Him king, withdrew again to the mountain by Himself alone.

2. Revelation knowledge is there.

The world moves so much faster than the church. Public opinions are here and there. Jesus knew how to protect himself and not allow people to make Him King.

I will build My church. He is building the church and He is shutting the gates of hell. Peter is no longer Simon who is an old material.

The keys of the Kingdom of heaven. If God gets involved, we must get involved also. The Church must be healthy. That's why we cannot build a church we like, but a church we need. Like is preference but need is necessity. We must not have opinions and especially the world advises the church instead of hearing what God is saying.

If we know how to worship, we can be at a different place. Though we may know little, and we use it, we can already become a champion in that. Anything can be used as an instrument of God.

We don't have to know everything. Just know what God has placed inside of us and just start. It can be prayer, worship, prophecy, sharing etc.

We don't treasure the spiritual things because we never use it enough to love it. If we are hungry for spiritual things the Holy Spirit will take us to the next level.
