

## DO SOMETHING SIGNIFICANT FOR GOD

Shared by Mum Helen:

The darkness may be covering the earth but let the light of God shine out from us. Everything in the world is shaken but God will pour out the abundance of the Holy Spirit that will flood the House. There is no other answer. The glory, anointing, wisdom of God must come to the House.

God has the answer and He will give the answer to those who can listen to Him and hear from heaven.

John 16:8

8 "And He, when He comes, will convict the world concerning sin and righteousness and judgment;

When the Holy Spirit comes, NOW is the season. The Holy Spirit does not come just for us. He comes from the Throne, to the House, to the streets, community, city and to the world. He will convict the world of sin and bring judgment. He is coming to take over.

The only way to remove the darkness is for the Holy Spirit to come and convict people of sin and bring righteousness and judgment. He has to come down as a judge.

We don't want the Holy Spirit to just effect our church but also the nations. He has to invade the church and the nation.

Shared by Papa Jonathan David:

Whenever things get out of hand especially when we see pestilence, earthquake, etc and fear spreads, there is always a vacuum in the heaven. There is no leadership standing there to protect the people.

The reason why we are going through what we are going through is because there is a vacuum. We have to patrol the heavens and no parliament can do this. We must stay in this place and take back the grounds that were lost.

Don't underestimate a man who is born of God. The moment we set our government in order, the virus will

leave. When government is properly set and the judge of all nations takes its place and seat, every knee must bow and every tongue must confess.

The problem of the church is that we do not know what we have. Just because we are ignorant does not mean God is not giving it to us.

Genesis 1:1

1 In the beginning God created the heavens and the earth.

The work is based on the word. If there is no word, there is no work. God wants us to understand that darkness is not a problem to God.

God gave the same Holy Spirit to Jesus, to us. When the Presence of God opens our heart, spend the time with Him and pour out to Him.

When we take our place every Sunday morning, it is jamming the devil. We station ourselves on the mountain.

Hebrews 11:1

1 Now faith is the assurance of things hoped for, the conviction of things not seen.

When we have done the will of God, we will receive our promise. Every promise has a condition and commands to fulfill. There are instructions to follow.

Faith is powerful because it trusts God's word. Faith can see all the negative things out there. Faith can see the weakness in the government. Faith can hear all the rumors and yet not afraid.

In order to finish our assignment in Malaysia, we have to find our place. No use monitoring the wicked. The church is the best place to train ourselves.

We must have the right "adapter" to be connected to heaven. We need to station ourselves accurately and do what we need to do in the house.

Everything that God is doing, He has us in His mind. That's why all things will be well. God will think of everything that man needs so that all things will be well for the man. The environment around the man is so conducive for the man to be blessed.

We must get ready to enter!
