

## **STRATEGIES TO PROTECT YOUR FINANCE**

God is raising us up like His army. The story about Gideon is that the whole nation is oppressed by the Medianites. If they don't rise up and fight, they will never change the circumstance or have the victory.

God is training His church. We face attacks here and there; Covid, political, restrictions, etc. Are we hiding in the cave or are we rising up in our inner man?

We must rise up in our spirit and fight this battle. Don't remain where we are. Rise up and pay the price to make a difference. A lot of battle is in the mind with the media trying to tell us that the virus is dangerous. Don't be deceived.

When we use the Name of Jesus, demons will bow. We cannot have the Holy Spirit if Jesus is not exalted. It does not matter what state of life we are in; our lives are controlled by heaven. We live in a higher order.

God did extraordinary miracles in the hands of Paul. God never put us in the hands of failure. We must believe in His Name.

Stop living in the lies of the enemy and live in the things that God is speaking to us.

What you received is greater than what you've been deceived.

When God put us in a family, we have common destiny. But everyone is different. Each one has to choose our own vehicle. But everyone must reach the destiny.

Believe in His Name. He uses His Name to guarantee His word. Enter in and move away from the cave mentality. Reach the world.

Something happened in the Spirit world and if we know how to plug in, we will be well.

Fear is learned and it's because something told us something that caused us to fear.

We cannot be victorious if we neglect His word, His life. What God gave us is very potent and we should be having more victories than what we have now.

To be connected to the higher order we must go up. Learn to lay hold of what God is doing.

The greatest technology now is to be able to impart into people's lives so that they can have the grace to do what God wants them to do. Don't have to reinvent the wheel.

The 7 years of plenty is gone and we cannot move in that way anymore.

We are children of the Promise. Jesus died on the cross so that the blessing of Abraham can come upon us.

God wants us to know that He can live in men just like the story of Annanias and Saphira.

If we want to see the results of what God is doing, we need to be connected and follow instructions. There are conditions to fulfill.

If the anointing is at a certain level, anything below the anointing can be done. But when things are going bad in the world, it requires corporate anointing so that we can go up higher.

We must find out strategies on how to protect ourselves.

Things in the world have changed and don't be like a fool to go inside. We must have foresight. that's what it means to be prophetic, to be able to see beyond. We must be able to see then only go for it.

**1. We must set aside resources during the times of plenty so that there is smooth transition during the lean years.**

In the times of plenty, we must save for the lean years that are coming. This alone is already problem for so many because many can't do it and over spent.

If this one we failed, we don't have the resources to continue. Strategies would now have to change to be ready for the lean cow. We must ask God quickly what to do to start the journey.

Most people do not have the culture to save but purchase house, holidays, etc. Even though we may be too late, God can still help us start now. Find out what needs to be done.

**2. We must discern the season that the lean years are coming.**

If we recognize the season and if we know our need, we can press into God and get the answer.

**3. The expansion during the lean years will be slower.**

There will be tightening of financial policies and it's harder to get money. For people who do not know and if they need money and go to the loan sharks, they will be finished. Find people who will provide good financial advices. Find out from people who know what to do.

#### **4. Don't be caught in the roller coaster and be tempted to borrow.**

If what we are doing are not going anywhere, STOP. If we don't stop, we will go into debt. We must know what is good debt and bad debt. We borrow only to make more; not borrow to get more into debt.

#### **5. We need to conserve and consolidate.**

We need to know what we have. Think of what we have in our house and as a family. Don't do things alone. Sit down and talk and discuss. The wife of Pilate told him not to get involved with Jesus because He is a good man.

#### **6. Cash will be king during the season of the lean cow.**

Find anything or business that can be converted to cash quickly. Keep cash.

#### **7. During the lean years, separate good business practice with the bad ones.**

Bad businesses will try to cheat everybody. The quality and value of business must not go lower.

Everybody must be trained to be good.

Don't break any law.

Honor God in our business or expansion. Get a Godly start to whatever we do. All these are good practices. Find out good practices in whatever we do.

**8. There will be an emergence of kingdom entrepreneurs who will serve for Kingdom purposes.**

Everyone do what they do and meet the needs of others. Ask God to make us suppliers, not just in giving in tithes and offering. Go another step higher. Tithe is for honor, offering is for harvest. Those who can be suppliers are those who care for people.

We need to breakthrough so that all that God has promised us will be fulfilled.

The world system creates stress; not just for us but also for those who are below us or around us.

We must think about values and how to benefit people. Old mindsets think about how to make money and profit more and quickly.

Genesis 14:1 17

Then after his return from the defeat of Chedorlaomer and the kings who were with him, the king of Sodom went out to meet him at the valley of Shaveh (that is, the King's Valley).

The business people in the world are always looking. If they see something good in us, they will head hunt us. They look for people with calibre. When God blesses us, we must not be controlled by the worldly principles.

Our RM1 is different from the RM1 from them. Everything we touch must be clean. Don't be contaminated by the king of Sodom. The systems of the world will collapse.

**1. Don't allow the enemy to meet us during the times of our victory.**

Ask God every day before we go out to our business. Ask God to correct us and ask the Holy Spirit to cleanse us.

Meet God early in the morning and let Him change the attitude of our heart. Don't go to the world until we stop leaking. Receive fresh bread from heaven.

We can prosper and continue to prosper.

## **2. We must meet Jesus and let everything passes through the cross.**

Receive the blessings of God. As we receive it, we will become part of Him. We will become children of God. If our morning is right, He will adjust us and tuning us so that we can go ahead. If Sodom meets us we will be finished. Let God intervene in our lives.

## **3. We become what we worship and serve**

If we worship money, we will become money face. If we worship God, we will become like God. We become like what we worship. We become part of what we connect with. We become part of the Order that we serve.

#### **4. He is the Owner, the Possessor of heaven and earth.**

Everything belongs to Him and He wants us to connect. This is God's good plans for us. God will deliver the enemies into our hands. God will fight for us and who can be against us if He is for us.
