

FEATURES OF A NEW NATION

Do not be connected to the world but be connected to God's Kingdom. If we are still going to be connected to the world, we will go down.

God is good. When one failed, He raised up another. God chose Abraham because he is a friend of God.

If anything is going to happen in planet earth, it must happen through a human life. If the devil initiate it, the world will be in disaster.

We need wise men and men with wisdom. We don't need recycled leaders. We must raise leaders in the church so that they can lead properly and solve the problems permanently.

God will give us the grace to do things accurately to turn around circumstances.

Acts 7:17

17 "But as the time of the promise was approaching which God had assured to Abraham, the people increased and multiplied in Egypt,

We are the descendant of Abraham and the sons of faith. One of the most powerful features of this move is the different generations working together to finish the assignment. The generations that God will qualify are those who will cross regardless of age.

Features of the New Nation

1. They know how to move on time.

Things are falling in place. Some parts of our country is misplaced. We can see so many flaws. It's time to leave the old and come to the new.

When the time of God is up, we must be ready to go. When all power is subjected to Christ, it is the best time. The timing of God is the key to spiritual harvest.

All that God has spoken to us, has a time of fulfillment. Very few nations walk on time. We are also busy and sometimes we also missed the time. Every year, we get the message and mandate of what to do. We eat for strength and not for pleasure.

2. God's people increase in the land and get them ready to march forward.

Something happens in the church. The people increase and multiply. God does something in the church so that the people will become contributors in the land. A lot of people think we can't contribute, not even in prayer.

Ezra 1:2

2 "Thus says Cyrus king of Persia, 'The LORD, the God of heaven, has given me all the kingdoms of the earth and He has appointed me to build Him a house in Jerusalem, which is in Judah.'

If God has spoken, it encompasses the destiny of the nation. In order to fulfill the word of the Lord, we have to stir up the spirit. The idea of ruling and reigning with Christ is lost

because we put our needs higher than God. This blocks the view of what God is speaking.

When God's word is spoken, God has things ready and we just need to say Yes and move.

When our water level is high, anything below the water level is our take and we can overcome them. When God has spoken to us, we can ignite this grace and carry the grace.

When we work with God together and strength synergized, there is strength.

The church is a governing body and God can choose the people to govern the city. God is doing this work for us so that we can be strong.

A lot of things cannot happen unless there is an "until". It is a condition and something we must do. It's hard for God to bless us or trust us if we are not willing to be tested.

3. Do not forget our attitude towards national history.

4. Racial, religious and regional politics have to go.

5. The father's conviction and national constitution

6. Disruption of families

7. Freedom to choose our predestined future.

Nobody should stop us from going to our destiny.

8. Justice and judgment

If we educate people properly they will have the highest value. A well educated person will not choose evil. They will understand justice and judgment.
