

## PROPHETIC WORD FOR 2021

This is the Year of Happening!!

We will hear what God is saying because the frequency in that place holds the message down. Like when we worship in Spirit and in Truth we find that our spirit becomes stronger. Because of the truth that has set us free. The Lord is the Spirit and the Spirit is the Lord. Where the Spirit of the Lord is there is liberty.

When the word is going out we just got to take it in. We may be in the wilderness but God's word will keep us going because it may be the GPS we need.

God wants us to know that in the midst like these frequencies are all the while being challenged. It will be challenged because the anointing is for challenge. When God gives us the anointing, the assignment, the challenge is on.

**God is giving us His understanding of the dimensions He is building into our lives.** He has seen the future; in fact, He is the future. We will bring fresh revelations. We will never be the same again. Something fresh will bring fresh revelation.

*“The first account I composed, Theophilus, about all that Jesus began to do and teach, until the day when He was taken up to heaven, after He had by the Holy Spirit given orders to the apostles whom He had chosen.”*

*Acts 1:1-2 NASB1995*

We need to know what Jesus do and teach. He can tell us somethings to prepare us to what is predestined to occur within our life. Are we call according to God's purpose? Do we love Him? Then we will see the power of God working in our life like never before.

**This is the year of happenings! What needs to happen will happen because there is a full anointing of the Holy Spirit that is coming to accelerated the fulfillment of what God has said to our life.** But times may be difficult but we will have the answer.

Deception is going to be so acute. Be careful who talk to us because what we receive will become our nature. What we believe in can become our mental blueprint and framework. The hardest thing in leadership is that we move to good, to great, to glory leadership. It is not easy to be a leader because the qualifications for leader has gone up higher.

When we lift up our hands to the spirit world Joshua will prevail. When our hands go weary our sons and daughters will rise and make sure that we are strong. Our battle is with the Amalekites, and with the Midianites, the Parasites, and all the other creatures.

God is raising us up not to hide in the caves but go to the front lines of the battle field. There has been a band of leadership like never before. There are no skilled men or wise men of Babylon that can lead the people of God. Because the people of God learn differently, they learn by the Spirit. Many things are not just taught they are caught and God want us to be in the flow of what is taking place.

You can learn to charge the place. We must be ready for change.

**2021 is the year of happenings because everything that God promise me, He will teach me bring it to pass.** God is sovereign, He has spoken. I am human I take responsibility on the earth. We are bringing the future forward until all the prophecies and prophetic word be fulfilled concerning the coming of the Lord Jesus Christ. Jesus had been working for the last two thousand years.

**Supernatural miracles will be the order of the day** because we have no alternative way to go. It is either faith or nothing; it is either grace or nothing. God doesn't want you to think that it is this easy. A lot of trials and testing that we go through is not part even of our lives but God what to make me the way I am today. So He make us in a different way.

**We are leaving the natural and entering into the supernatural. The church and Zion begin to merge.** When we are playing the piano it's beautiful but when we are prophesying through the piano, it's another level.

**These supernatural dimensions are going to happen because of what is already built into our lives.** We cannot build until the foundation is laid.

**There is going to be an avalanche of deception but there is also going to be a fast flowing mighty river of revelation.** The reason we need to have progressive revelation of Jesus Christ is because He is moving. We see Him in ways we have not seen before. Even if we have seen Him before He has changed.

This is a mystery of godliness. We just sum up that God can live inside the body of a man. This is the mystery of

godliness. The mystery of iniquity is found in Thessalonians is different. They don't love the word of God; they don't love the life of God; they don't love anything about God. It will proclaim themselves as God in the house. You can see how God clean that 10 generations up so that He can put in the right one.

Clear indication that are about to take place including experience we will have that will take us on the path of glory.

All that needs to be fulfilled will be fulfilled. **God's prophetic promise is coming to fulfillment.** God wanted to fulfill the prophecy of Jeremiah and all the words that God has spoken through Jeremiah, the Holy Spirit stirred up the spirit of Cyrus.

The reason we don't see fulfillment in our lives is because we focus on the problems. That is why God taught us that in the beginning was the Word and the Word was with God and the Word was God.

Acts 19 is going to be format because what need to be fulfilled will be fulfilled.

**In ours the times of happenings, things that need to happen will happen.** Stay in your calling is very important. **We leave the natural for the supernatural.**

For every five that says yes, there are fifty that say no. And the fifty does not understand the purpose of doing it. That is why there must be coming into an order. **Every promise that need to fall in time will fall in time.**

**When the times of happenings, what will happen will happen** but we will not be in the time of judgement. If we know what it means to live within our territory. To live within our jurisdiction. To stay in our calling. To stay in what God has spoken to us. That is why we can leave the natural and go to the supernatural. **We will leave the ordinary for the extraordinary.**

If I have the chance to live back my life all over again, I will want to find out how to get the Spirit of revelation, understanding and wisdom connecting itself with me and the word.

**We must have the dimensions inside us to understand. We need a human portal to translate what is invisible to the visible.** If we know the process, we will know the process to move faith into action.

**Faith is so powerful; it can swallow up fear.** It can be very vulnerable because we are not attached to it. When we believe what He says, we will believe we have received it and God will grant it to us.

We must be clear that when the word is powerful that is exactly what happens in Genesis. In the beginning God said....; how else is He going to tell us? **You must have the dimensions inside you.**

*“In the beginning God created the heavens and the earth. The earth was formless and void, and darkness was over the surface of the deep, and the Spirit of God was moving over the surface of the waters. Then God said, “Let there be light”; and there was light. God saw that the light was good; and God separated the light from the darkness.”*

*Genesis 1:1-4 NASB1995*

We don't understand what has been said, but we want to be like Him. God must give us the ability to touch the spirit world like that because the fulfillment of God's word is going to come to us very quickly. **The prophecy and the fulfillment of the prophecy are set in the same line.**

**God has spoken, people have received, Holy Spirit must bring it to fulfillment.** Not by might nor by power but by

My Spirit. In the same way, the Order of Melchizedek operates on the same side. We know that the son is the Great High Priest, He intercedes for the house of God and for the nations of the world. And we find the Throne of Grace to receive grace. So He is not idle.

Jesus said, "I will return!" What is happening on the day of Pentecost until today is that mighty hand of God. For two thousand years He has been behind the second veil. That work that He is praying is that we may receive what He is praying. He will appear continually on your behalf to God. Life is still going on in heaven. It is real living.

In heaven all will know the Lord. Everything hidden will be returned and restored in our lives. What Papa is going to do and we are going to do for God is going to increase our performance so that we can push ourselves into the nations of the world.

A lot of people will pick up faith supernaturally because faith, grace and love all come from heaven and that dimension build into us will create a certain way of relating, a certain culture and so that everyone who is mixing around can be equalized. What Papa knows we will know; what he can do we can do; how Papa push in the spirit world we can push in the Spirit world. When we can get ready on our part,

then fulfillment is faster. Until the day our life is change to the core, we will not see the fulfillment. The work must be complete in our lives.

God is watching if there is anything happening in the city too. It is going to be a year we are going to bring it to fulfillment. What prophecy, prediction, revelation, counsel that God has spoken to us, we need to know that it must happen to us first.

Take a piece of paper and write down what is the thing, scripture, prophecy that God has given to us that is about to happen yet not happening. What is going to happen today is God is going to help us leave the natural for the supernatural. Leave the ordinary for the extraordinary. What you think is impossible is possible.

Papa expect **spiritual growth** and the **manifestation and the demonstration of the Christ in us** will be two **major factors** that God will continuously be speaking to us about in the year 2021. Are you ready to let happenings happen? So that you can be the agent of change. For that to happen, the **Christ in you must grow until the fullness of God can dwell in our whole church and network; in ISAAC and ANS.** These two things are priorities on the Holy Spirit's list because God wants us to have a face to face encounter with

the Holy Spirit. He is the Spirit that is hidden. He can live within our body which is the temple of the Holy Spirit so that everything He wants to say do will flow your life. Thou art the Christ, the Son of the living God. The Son is the Christ, He is the Son of the living God. The acceleration in our life will get us ready for something.

Every miracle that needs to be fulfilled; every prophecy that needs to be fulfilled; every verse or scripture that has been prophetically spoken to be fulfilled.

**The Spirit of acceleration will be coming to mature the inner man that is on the inside.** God has no problem giving us power and give us authority according to our position. But God wants those who understand accountability. If we are the only one deciding in our family, we can decide wrong because we can't see the whole future. We see in bits and pieces and portions.

Papa had a dream of having a piece of a jigsaw puzzle. He saw Mom has another half of that jigsaw. Then he walked down to the nations and different ones has different grace and different position in the spirit world and they can do differently. When we bring all the pieces from all the nations of the world it forms a mighty relational strength among the network.

We must get ready for anything and everything that God promise us to come to pass. Don't stand in the way, get out! Let the Holy Spirit lead us. **The Spirit of sonship will come upon our hearts when we mature in our lives.**

We must get ready with the dimensions in our own life so that when God does something we don't have to reverse back. There are various dimensions that are made plain in Acts chapter 1. If you don't get chapter 1 right, you are going to get chapter 2 wrong. How God was preparing them for the upper room experience.

We can only prepare with what we know. Who will prepare us for the future that is about to break open? We must open it for our children. We must open it for our family. We don't know what we don't know. We know in part, we just faithfully follow that part, another part of the puzzle comes in and we feel ourselves fitting in. But we cannot be equalized if we are going through our own inner struggles. The inward spiritual growth is the most important thing is what God is going to look for.

All scriptures are inspired by God and is profitable for teaching, for reproof, for correction and training in righteousness so that the man of God may be adequate, equipped for every good work.

Those of us who are taking up leadership be prepared for what is about to happen. The succession factor is very important. God is good to us and is preparing us for what is about to happen. He wants us to get ready to leave the natural for the supernatural. What is impossible will be possible. There must be the important happening that must take place.

Stop doing the natural things, just reading the Bible and underlining it but dig deeper, pray and fast.

We must know what we are living and what we are following! God told Abraham not to settle down until He told him so. If He wants to bring us in and settle us in, nobody can stop it. Our thought pattern must change if we are want to leave the natural. Every victory in our life is supernatural victory. The walls of Jericho coming down is supernatural. Joshua asking God to hold back the earth from revolving arms und the sun. Scientists now agree that that there is one missing hour that is unexplainable.

How would we like to live the supernatural? That is the only way to create influence, demonstration. Not just talk but administration.

Miracles, spiritual signs and wonders will start happening in the church again. Supernatural signs and wonders and healing are going to take place. **There is going to be an acceleration of the miraculous and aggressive kind of faith will begin to manifest.**

Money will drop from the heavens. Papa saw money drop from the sky. Some collected it and kept it under the pillow, some collected it and put it in their wardrobe. What shock Papa was the way they treat money coming down from heaven. Pulling down dollar notes from heaven. God is going to bless them according to His riches in glory. That was on Papa's side but they will also receive their own portion. They will also release their own honor because they know how to use money to make connections with heaven.

In every religion we want to find some way to please God because God is always seen as a judge. He is never seen as a Father. When the resources begin to flow us must be careful that our experience with wealth that is coming down from heaven is not that we love money, but that we are ready to be blessed with money so that we can be part of the priesthood that can change thousands and thousands of lives. The radical change that is happening in the church the

lives of the people outside will meaningfully wonderfully impacted.

**God says that He can do the signs and wonders in a single moment. Because we have broken the power of poverty and every kind of greediness. The spirit of poverty, greediness and covetousness make us feel like we have not seen money before. But God is going to do an amazing work on our hearts. He will transfer wealth to the righteous and wisdom to the builders.**

**Write down these four things:-**

- 1. Miracles signs wonders and healing at an accelerated level.**
- 2. An aggressive faith lay hold of miracles.**
- 3. Cash notes in people's wardrobes in the house, sometimes in an envelope, sometimes in the letter box, sometimes you find it on the road. All the miracles we seen before, gold teeth, gold dust...**
- 4. Warring angels descending into Muar.**

We must embrace this mandate that we are to stir the spirit world and shut it down. The warring angels and their angels, they start war. They break every attack on the body of Christ. So we have the warring angels descending.

Papa can stir up the Spirit in the atmosphere but we have to stir it up on the inside so that the fountains of the great deep will burst open and the floodgates of the heaven will burst open.

The guardian angels which are our angels, there are ministering angels that do for us more work than what we have received from the Holy Spirit. Then we have the cherubim that are at the Arc of the Lord. Seraphim has six wings; Cherubim has two; then we have Arc Angels and Watchers. These are the good ones. If we become part and parcel of Zion we will see the city of God, we will walk into the city of God.

The vision is important. All these is about the war in heaven. Because we have settled down, we are not sharp anymore, we think it is people. No weapon formed; formed means specifically made to kill us. God wants us and Papa to be strong so that all the happenings will be facilitated, we help the Holy Ghost.

Even Jesus had to learn obedience. Abraham had to learn. Isaac had to learn the same lessons. The second generation could pass because they need to know what to do. Like Abraham, we must be changed to the core. Just before the baby was born, God changed the name of Abram to Abraham, Sarai to Sarah. Because when he start to call, "Abraham!", the connections are made in the spirit world.

Papa don't want us to be confused with angels. They have their work cut out for them. God who knows the future have predestined stop points to stay and get ministered to. Before we deal with them, let's deal with ourselves first. But they are here in case we want to know.

Watchers are those who watch over us day and night because God told them a specific event will happen, so the angels are watching, waiting for instructions. Drones are like watchers, its give us sight where we cannot see to make our life a victorious life. By guiding and guarding we can get things done without many casualties. That acceleration must happen inside our heart.

God is waiting for us! God has great plans! We are staying true to what we believe! We are staying true to what we receive is from heaven! Though it may tarry we will wait for it until it come to passed. The generation that is raised up

in this generation age will be victorious and overcomers. We don't want to be the 30% company, 60% company but we want to be the 100% company.

God is sending the Holy Spirit across the world to give revelation, understanding and wisdom because the knowledge of heaven is going to be use on earth. Some kind of medicine in the garden of Eden may be found somewhere and the leaves are for the healing of nations. The Spirit of sonship will come upon us by which we cry Abba Father by which we bear witness that we are children of God.

God is protecting us right now because we are of God Most High. We are part of the Order of Melchizedek, we are part of that dimension of the Holy Spirit.

*Papa prophecy to us: the Spirit of acceleration is going to come and is going to mature us quickly. The nature of Christ will multiply within us and we will know the set time set by God the Father so that we can hear His voice and know His timing. Because a child even though he the owner of everything he cannot have it until he is of age 18 or set by the government.*

**There are things waiting for us. There are things that pursue our lives, other things we have to pursue for our**

**lives. God give us relationship in the house because He wants us to start well. Give us good people around our life because He wants us to start strong.**

Don't take this Muar, All Nations Sanctuary as another Charismatic matter. In the year of happenings there must be something that will unlock things that will happen faster.

We dedicate the whole month of January, that if we can take one meal a day, pushing in the spirit world. Papa going to get there to find his own seat to reign, we will have to find our way up because God is bringing the whole church up the next level so that what Papa has sown into our lives in the last forty years will begin to stay strong and begin to multiply and duplicate itself in a powerful way.

There will be money on the table, there will be money in the cupboard, money in the kitchen; sometimes you go out there you find money on the road, money in the car park. Everywhere you go there is a flow of cash. This miracle will show us that God has defeated Satan and the spirit of poverty from our household.

God will begin to give us right laborers, good workers. He is going to make us a good laborer too. A new thing that Papa will ask from us is that we will keep our spirit strong and

our mind empty because Papa will show us great and exceeding way by the Spirit that will rise onto our mind so that what is immaterial will pass through our life and become material.

The process of Mary is important, how the Holy Spirit overshadowed her and the Seed in her womb was holy. Papa pray that God will be able to operate through our lives though you may be new and fresh. God will take us to the next level.

Papa saw people who had hurt themselves and are finding no answer everywhere are going to congregate in this place because the balm of Gilead and healing will flow in this place in an ordinary basis. Wheel chairs are being stacked up, canes being left behind. Wheelchairs discarded, walking sticks everywhere. Supernatural of the Holy Spirit is going to come.

Get our heart excited. We will see not only angels but miracles, signs and wonders. Pray that God will choose us to become the agent of change we are talking about. **A strategic man that create significant moves.**

**This is the year we make things happen!**
