

## PROPHETIC Word for 2021 - Part 3

Surely the Lord does nothing, not that He cannot do but He chooses to use human vessels to shame the devil. He takes that which is weak and makes it strong. He who is poor will be taken and made healthy and wealthy.

God has given us the revelation that the double decade of open heavens is given to us. The church must keep the heavens open and hell shut. This is God's governing territorial church.

Churches of all kinds are rising up. Some alpha, some omega and others mega. We always talk about the church unusual because business is not as usual. Covid-19 has changed the landscape and established the terrain for the one world government.

This is just the beginning of birth pangs. But for those of us who live in Goshen, God's private territory for us. He will approve us to walk in divine favour with Him. The church will be empowered powerfully. Empowered to function until she finishes her assignment and fulfills her destiny.

Papa prays that our lives will be entwined in covenant relationship until the end. Those who stay in covenant have agreed. So we agree to God's will for our lives. Papa doesn't want to finish strong alone. He wants all of us to finish strong. He wants all the churches across the world, both ISAAC Churches and other churches. If your heart is joined to us, come and join us because this message frequency is being sent out to us so that we will know that there is a company like us. Sometimes we think that we are the only ones like Elijah, but God said that there are seven thousand hidden in the cave.

May I present to you the message 2021? The dimension of God will manifest under an open heaven. The power of God will touch us and drastically bring changes into our lives that will affect others.

There will be acceleration of revelation knowledge that will unleash the prophetic element, to function like the sons of Issachar who understand the times; who can read the movements of the Spirit and then prophesy to the church what needs to be done. Papa prays that all across the nations of the world there will be sons of Issachar who know the time and the seasons in God. We are not just living in the last days but we are living in the last of the last days.

Paul says concerning this in the book of Timothy, "Realized this that in the last days false prophets will arise, false teachers will arise. There will be an avalanche of deception that is now affecting the corridors of power. But in the midst of all these we can stand strong in our prophetic future glory that God is going to give to us.

We are living by the law of the Spirit of life will be awaken to the urgency of time. We got to lift our eyes above the mountains. Help does not come from abroad, it comes from above and God wants us to depend solely on His strength. Standing strong in the word of the Lord because the word of God that is sent to us is God's hand upon our life and permission to let us be part of His glory. People across the world are awakening to the urgency of time. Some people are talking that we are closer to the end time than we have ever been. God wants us to be ready!

God is going to send us a supernatural power of faith that we can believe God for the impossible. The impossible will be made

---

possible. Lift our hands right now and begin to feel the compounded anointing that is going to bring healing and deliverance.

Draw near to Him. Go beyond all the efforts we have ever done. If we have done all before, go the extra mile so that God can prepare us for the terrain that is changing now so consistently this year. The Spirit of error is going to be cut off and the spirit of lawlessness mentioned in Thessalonians will also see a clearer understanding in our mind. God has been good to each one of us, how He anointed His Son and the Son healed all that came to Him.

Hope the church won't be a disappointment anymore. Hope the church will not be sluggish. Papa prays that all that come to us will be healed, delivered, set free. We are the ones that know the way. Jesus is the way. We are the ones who know the truth. Those who know the truth and withhold the truth from others will cause ignorance to continue; Then there will be no end to the sufferings of God's people.

Pray for God's people to rise today because we are not in 2020, we are not stuck, we are not sluggish, we are going to 2021. No matter how slow we have to crawled this year, we are still making up the race. God will restore the time; He will restore our prosperity; He will restore our health; Restore our thinking pattern.

So we go back to the original word that God has spoken to us. The next twenty years of open heavens over our nations and churches will be brought to functioning and empowering grace so that the fulfillment of all that He has spoken to us will be right before our eyes.

He has spoken, He has fulfilled it. His Name is called Faithful, He is the Word of the living God. Nothing was created without Him. No one was created without Him for it is by His Spirit that we are born again.

This morning be challenged that God has spoken to us concerning 2021. Say, "We are not in 2020, we are going 2021. We are crossing over to take over. When we get out there we will be high visible."

This message is coming to us in the urgency of time. For all our sake God is healing Papa and restoring him in strength so that we could depart out of time. Papa wants to finish his course. Whether it is a ten course dinner or what, he is going to finish his course. Papa expects us to listen; he expects us to observe; he expects us to interpret and find the wisdom to do what God has called us to do.

Are we ready for 2021? 2021 is the year of happenings. The prophetic word and divine promises will hasten toward fulfillment. Every word that God has spoken, that He has spoken to us, not what we want, not what we desire but that which He has spoken to us, because the entrance of His Word brings light, brings love, brings life.

Papa can see in the future as the days go by, an emerging generation who will make things happen. There are so many people that are just hearers of the word but we need doers of the word who will learn obedience; we will know what it is to suffer to the shedding of blood; that they are not afraid to suffer because they are following the Lamb. They are clean, they are safe to have around. These are sons and friends that will follow us to the end.

Calling to the church in Malaysia; calling to the church in Indonesia, Philippines and around the region, and across the world to hearken to the year. Take out everything that God has promised us. Put your life down for it. Everything that must be fulfilled will be fulfilled because God says that there will be an acceleration of time. Things can happen quicker than what we can believe.

2021 is a year for those who want to take what God has spoken and want to bring it to reality. By faith we understand that God made the world by the power of His Word and the same power is going to be given to us so that we know how to create a whole new world in the midst of a collapsing one because the church will rise quickly.

Do not fall for the same of the enemy twice in your life time. We are pressing in until we see the maturity of the body of Christ and the sons of God will arise. It is said about the manifestation of the sons of God that God did an amazing work in the lives of His people.

Everything that is spoken to us will be fulfilled. God is a God of order. We talked about the Order of Melchizedek. We are talking about walking in that class, walking in that plane of stature. Not just normal because we are leaving the natural for the supernatural. Hope we are ready because God by His Spirit is going to show us what is going to be fulfilled this year.

Everything the enemy does has an expiry date. He could only hold the people of Judah for sixty over years because before seventy years they have to leave. That was God's plan. No matter what the plan of the devil is, no matter what the plan of the politicians are, our lives are too fragile to leave it into the hands

of the politicians. We need to think for ourselves and rise in the power of the Holy Spirit.

There is acceleration of fulfillment of God's word both for individual as well as for corporate. God is coming to us by the Spirit. The Spirit of Wisdom, the Spirit of Understanding, the Spirit of Revelation, in the course of this year Papa is going to make sure that each one of us understands the Spirit of Revelation and learn to work with it. He knows before we know. In fact, the Bible says that He will lead us into all truth. He will accelerate and hasten the time of fulfillment.

When the Lord spoke to Papa, he took out all the promises that God spoke to him and put it on the table. This is finished, this is not finish; this is done, this is not done and start to evaluate what God has done in Papa's life. Do we have what it takes to finish strong? What Papa needs to do to finish strong? God has been good to Papa and he hopes that God turns around and teaches us the way of goodness. A new beginning for each one of us, a new freedom for each one of us.

When the word comes to fulfillment all things that hinder us will be cut off. Those of us who are caught in between policy and politicians, some who are stuck with all kinds of dishonest people, all these things that have been hindering us will be cut off. We are breaking limitations. Everything that is limiting us will be cut off. The day of limitations are over. The Bible says that no mountain can stop us. Instead of stopping us, they will clap their hands. God is still looking for people who will do something.

Whatever we need to say, whatever we need to do, whatever we need to know of the pathway of the Spirit will be made known to us.

These are the 9 dimensions of the Spirit releasing the gifts to mankind and with the Spirit of revelation, understanding, and wisdom we are never going to fail because all that the Bible says concerning Joshua, he was a man who received the spirit of wisdom through the laying on of hands by Moses. The Spirit of wisdom must be upon our lives. That is the signature of a mature church that will allow us to go and take our inheritance. That is what we need to do, what we need to know, what we need to say that comes through the Spirit of Revelation, is interpreted by the Spirit of Understanding and is executed through the Spirit of Wisdom.

Lift our hearts to God that something special will happen. Lift up our hearts and let Papa pray that the Spirit of Revelation, Understanding and Wisdom be our portion so that we know what to say. Don't say we don't know, God will teach us how to hear. If we want to hear God then we have to be near. We cannot be the in the air field somewhere and God has to go and rescue us again. It is time to return back to God. So we say, "Lord whatever you need me to do, let Your will be done. Whatever You want to say, let Your word come alive. Whatever we need to know, we will know by the revelation of the Spirit."

Whenever we have an experience we will never be at the mercy of one who has an argument. Papa has seen apostles talking, he has heard prophets prophesying, but when they come to the real stuff they are gone because the devil will not give up his kingdom easily. He serves a good fight to the end. Nobody drops out halfway. Their hearts are the highway to Zion. All that God wants them to do is in their heart. When God shows His intentions to us we will chose what He gives to us. Get ready to receive God's word that carries the signature of God's wisdom so that we can function effectively.

“For this reason us must pay much closer attention to what us have heard, so that us do not drift away from it. For if the word spoken through angels proved unalterable, and every transgression and disobedience received a just penalty, how will us escape if us neglect so great a salvation? After it was at the first spoken through the Lord, it was confirmed to us by those who heard, God also testifying with them, both by signs and wonders and by various miracles and by gifts of the Holy Spirit according to His own will.”

Hebrews 2:1-4 NASB1995

In Hebrew 1, God has chosen to speak in and through His Son. So we must pay attention to His voice that comes from heaven and is shaking everything that can be shaken. He says yet one more time, the final outpouring is coming. The final reformation will come to its fulfillment. The ultimate kingdom will manifest.

Papa is amazed at how the Stone Kingdom is going to take over. We are not voting God in. He is the One qualifying us because if He does not permit, nothing can happen. God spoke to us then we see the Lord Jesus Christ speaking, then the apostles, and God working with them through signs and wonders with the working of the Holy Spirit. When the Word goes out, all, the Godhead gets involved. No one can come to the Father except through Jesus. In the same way we have access to God through the Holy Spirit.

2021 is a year of happenings, a year for the doers; a year for the overcomers; a year for those who win every battle; those attested by fire; those who are crowned with glory who still have the scars of warfare. What an amazing breed it will be when they all gather together.

Those who came to David when he was restricted. Those who came to David when he had a little bit more freedom and those

---

who came to him when he was prosperous but here are good friends, good companions. So God in His mercy is giving us line by line, precepts upon precepts so that even the illiterate may know how to enter because many who are wise in their own eyes are falling away.

**1. 2021, there will be an acceleration of the fulfillment of God's word.**

**2. 2021, all the things that have been hidden, that has been hindering us, the schemes of the enemy, the plans of wicked men, no matter who is standing in our way, they will be cut off.**

Whatever they trust they will fall by it. The traps they set for us, they will fall into it. God is coming down with justice and His judgment is accurate. Papa is praying that today our hearts will be opened.

**3. 2021, God gives us special grace to leave the natural for the supernatural, the ordinary for the extraordinary, the impossible to possible.**

God is going to make it clear. It is not that we have lowered the standard but we have risen, we have gone up higher. Are we ready to leave? Papa is not ready to leave planet earth. Papa has left his father and mother and is clinging on to his wife. We are talking about we will not let go until we touch the supernatural. We will not let go until we go to the extraordinary and we will not be intimidated by what is impossible. We can do all things in Christ. We know how to abound and we know how to abase. So let's stand with Him and move.

#### **4. We must be ready to move as the wind of the Holy Spirit is coming into many regions across the world.**

Many parts of the world are experiencing the same thing we are experiencing. There is a Spirit dimension. Dimension is the divine ingredient that God put into us. Dynamics is the demonstration of what is inside. Dimensions is what is inside. God's dimension in the church. Not everybody has the ingredients. Unfortunately, when we go and meet doctors and surgeons they tell us that this is a very rare kind of disease, "We have a rare blood combination. We have never seen anything like this before, it is so aggressive." They may not have seen but God knows. God knows every germ, every vaccine, every virus, every bacteria, no matter how small they are. The Bible says that the sparrow will not fall to the ground unless God knows it first. So in short, God is informed by His own foreknowledge. He knows that something good is going to happen.

Right across the world a lot of things are happening. People are beginning to touch God afresh. People are coming down the streets, kneeling down to pray in the streets. God is calling men everywhere to repent because He has set a day of judgment in the future. Nobody is going to escape from that court. It is established by God the Father Himself. The Father will judge the wicked; The Son will judge the righteous. At the great White Throne all the supernatural things are just going to manifest in a powerful way.

So the Holy Spirit is falling, people are beginning to cry, people are beginning to laugh, people are beginning to fall under the power of God in supernatural ways. In the Bible it says that they fell down because of the power of God manifesting. Paul was preaching right into the night and one of the man fell down from the balcony, all the way down, got up and walked again. The

mercy of God will expand everywhere because He loves His people. He loves the whole world so how much more will He love the church.

The winds are blowing; The sails are set; The journey has been marked; The future is before us. How fast we run is going to be how fast we reach it.

## **5. God is going to accelerate growth in our inner man.**

Our inner man is going to become stronger and stronger. We are going to become sharper and sharper. The Holy Spirit is going to bear witness with our spirit and our spirit is going to bear witness with what the Holy Spirit has said. There is harmony inside our life. Papa binds the spirit of confusion, condemnation, contention, every kind of conflict, very kind of commotion, be bound in Jesus' Name. God doesn't want us to live under oppression. He wants us to come into the Spirit of God so that our spirit can be anointed by the Spirit of God.

Christ in us is being built; He is being shaped; He is being formed. An evangelist can lead a person to Christ. But it takes an apostle to form Christ in men. So get ready for the apostolic work because God wants us to change the world. That work is not inside here but that work is outside there. Inside, He is training us and equipping us so that we are ready for the race. People spend five years for an event, training every day and then go spend ten seconds and then the 100 metres event is over. Five years of practice, finished in 10 seconds. In fact they are now doing it 9 seconds. Why is this thing happening? They are breaking their normal records. Watch the athletics and the footballers, we have seen them get into injuries and come back better than before. We must be ready inside.

The Son of God became the Son of Man so that the sons of men can become the sons of God. God wants to strengthen our inner man, make us so strong that when the devil sees our physics, hopefully the spiritual be sure he will not take the challenge. The mature will come up higher because the strength is in the inner man.

## **6. The Spirit of sonship will bring the revelation of God as the Father and we will not walk in the spirit of slavery.**

The Bible tells us in the book of Romans 8, there is are amazing versus of scriptures from verse 14 onwards.

*“For all who are being led by the Spirit of God, these are sons of God. For us have not received a spirit of slavery leading to fear again, but us have received a spirit of adoption as sons by which us cry out, “Abba! Father!” The Spirit Himself testifies with our spirit that us are children of God, and if children, heirs also, heirs of God and fellow heirs with Christ, if indeed us suffer with Him so that us may also be glorified with Him.”*

*Romans 8:14-17 NASB1995*

It says we have not received a spirit of slavery. The Holy Spirit is the One leading us but the spirit of slavery is leading people back to sin, back to unfaithfulness, back to fear but we have received something else.

Papa is going to put some messages out in the future about the dimensions of God inside us and why we are the church of the future. Identify what is a church. It is not an organisation, not just modern and fashionable, with spot lights everywhere, that is

not called maturity, that is called modernising. God must show us the real church.

This is My beloved Son in Whom I am well pleased. God knows Who His Son was and Jesus knows Who His Father was. So the revelation of sonship will help us know where we going.

What kind of spirit are we dealing with? The Spirit of slavery leads us back and we know that in the political world politicians lead us astray. They lead us forward, they lead us backward and they leave us stranded because many of them don't know what is going to happen. When we need them to see development in that area they run away, join another party and have another philosophy and good cash in the bank. They think cash is king.

The Spirit of sonship will help us identify God, we cry, 'Abba' Father.

## **7. In 2021 we receive a transfer of legacy.**

Many sons will rise fast and furious all the way to their inheritance. We know God has planned great things for us. He has great things for us. Everything He has set to give to us, we will receive if we remain faithful and true.

The transfer of legacy is one of the fastest ways to form disciples and apostles in the future. We place an impartation into them. So they receive a certain dimension at a very young age. By the time somebody is in the church for ten years what we have sown into them would have grown. What we have sown into them would have gone to the next level and they will be ready because they would be baptized with the heart of the pastor in the house. They will feel strong with the God of the house. So the house of

God becomes the habitation of God. As we see the Lord changing us, discipling us, forming us, He says to go into all the world and disciple all nations. That is not evangelism. It is solid discipleship so that legacy can transfer.

God raised up one man and use that one man to bring down something from heaven. If we watch the person we feel that is what we want to do with our life. We feel warm about the message Papa preached. We feel we can understand everything. Papa is not exaggerating but we feel we can understand so many things like never before. Then our Spirit is being equalised with our leader or with our spiritual father and whatever he has will come to us.

It is amazing what the Bible says to us appropriately at every time. There is no time that He misses because the God we serve is light, He is life.

**“May God Almighty bless us and make us fruitful and multiply us, that us may become a company of peoples. May He also give us the blessing of Abraham, to us and to usr descendants with us, that us may possess the land of usr sojournings, which God gave to Abraham.”**

**Genesis 28:3-4 NASB1995**

This is Isaac blessing his son, Jacob, telling him he cannot take a wife from that region because the seed will contaminate what he carries. That doesn't mean that one nation is inferior to another nation, no, God just gave them instructions not to marry outside the clan.

This was Isaac blessing his son, Jacob and we can see that Abraham had already blessed Isaac. So Isaac, the father said to Jacob, his son, "I pray that the blessing of Abraham who is above me will also come to your life."

Legacy is an amazing thing. Equalization is also part of the apostolic ministry. We receive revelation, we receive impartation, something forms within the leader. And Isaac said, "Look, I am blessing you with all the blessings I have. But the blessing of our grandfather is even greater. So if I missed out it will come to you anyway."

This is what every pastor wants to do before they die. But don't wait that long. When there is no strength nothing will flow to the next generation. We got to take people and get them ready. Those who are sons of the house; those who are brothers to the church; those who are servants to the nations. We need people who are mature. We cannot transfer the technology that we carry into the next generation because they are too technical. They trust their modern equipments and gadgets.

No matter how smart the computer is, the computer is made by somebody. But we know, we can look up to God and say that we are original. The new norm today is going back to the original. When they talk to Jesus about divorce He said that in the beginning it was not so, but Moses allow us to give the certificate of divorce because of the hardness of your hearts. So leaders have changed over the years the value system of the kingdom. That is why we have this error. Papa prays that the transfer of legacy will sort these things out.

We must be ready for the Spirit invasion. Revelation, Understanding, Wisdom, this dimensions of the Spirit begins to have such an impact in our lives that it becomes dynamite and demonstrative. Remember this that 2021, expect any kind of miracle.

## **8. Expect miracles of all kinds, signs and wonders.**

Supernatural healing, people leaving behind their wheelchairs and walking sticks are all over the place, gold filling in our mouths, healing of marriages, healing of relationships and finding cash notes appearing from nowhere.

Please remember that if it doesn't happen to us, it doesn't mean that it is not happening to others. If we humble ourselves, we also will learn. Don't think ahead of time but prepare yourselves because God is coming in a fresh new way.

Supernatural provision of food in the time of famine. Money returned to us that is owed. People instead of paying their loan they pray. When they asked for money we should have just prayed for them with words. But God has given us a tender heart like Him so that we can serve people.

## **9. Angels are all around.**

There are different kinds of angels sent for different kinds of assignment. When people tell Papa that there are angels by our side, Papa said that it was for us to know not for us to boast about. It is for us to know so that we can believe the man a little bit more. Papa asked God to send more angels because everyone counts. The church members, we don't have to count them because we cannot hold them to account to anything.

But God is going to do a new work. Angels are all around. Papa told us that the angels are more present this month than ever before because ANS is going to break forth to the next level. Every ISAAC Church is going to touch a supernatural vein that is flowing from the blood of Jesus.

This is our hour, this is our time, this is our season. This is the best time to say yes to our Lord. The best time to say yes to His Presence and learn to dwell and practice His Presence and new things will happen.

2020 is one jumping upon the other. 2021, we are really going to the next level. Leave the natural go to the supernatural. Leave the impossible walk into the possibility.

**Papa pray:-**

“Father I pray in Jesus Name, that Your Spirit will be clear, accurate and inspiring as these words go and turn the lives of people around. They will never be walking in the wrong direction of destiny but they will be nearer and nearer to the call of God upon their lives. Holy Spirit, I pray You come down right now and fill every heart that is hungry. Give them the drink of life. The waters of life flow in them like rivers of living water. Help us to move from that small river to become the mighty river of God. I pray every obstacles, every sin, every sickness will be bound in this year. 2021 will extend further, will extend stronger. ANS and all ISAAC Churches across the world will be strong to finish so that we can disciple every nation. Inspire every generation so that they can enter into all that You have planned for them. Let God arise let His enemies flee. Let the wicked flee when no one pursues them. Let there be the Spirit of Peace upon our hearts. With all the things that are happening, keep our hearts in peace. Keep our minds totally rested. Keep our bodies replenished.”

Let's take the journey 2021. Welcome to the year of happenings where only those who make things happen remain. Now to God who is able to do exceedingly beyond all that we can ask or pray or think according to the power that works within us. In Jesus Name we thank God who is able to do. In Jesus Name!
