

Living Water For The City

I believe that God is giving us a special promise this morning because this is a special year. 2021 is a year of happenings. God will do it from above, we will do it on the earth. As the Son of God is in the heavens, the Son of God will be manifesting in the sons of god.

This morning Papa wants to introduce us to the living water that will quench our thirst. You will never walk again this way. If you want the water badly, press in this morning.

“Jesus answered and said to her, “Everyone who drinks of this water will thirst again; but whoever drinks of the water that I will give him shall never thirst; but the water that I will give him will become in him a well of water springing up to eternal life.” The woman said to Him, “Sir, give me this water, so I will not be thirsty nor come all the way here to draw.””

John 4:13-15 NASB1995

You and I must be desperate for a fresh move of the Holy Ghost. Jesus said to her half way through the time she said, “Please give me this water.” Jesus said to her, “Out of your inner most being shall flow rivers of living water.”

God is going to teach you how to work with the Holy Spirit, make the spiritual realm open up for you. The heavens are open, we are living under an open heaven. What affects others won't affect us because we are covered by the light and the blood of Christ. Jesus said, “The water I give to you”, the water I give to you is coming directly from Him this morning.

As you lift your heart and listen to what God is saying, the water I give to you will be a well of water springing up to eternal life. Jesus is the baptizer of the Holy Spirit. Only on Jesus did the Holy Spirit come without measure but there is a last day promise that the

church will come into the fullness of power. Are we ready to receive that water?

The Word Jesus was speaking to her was like the dimensions of the Spirit. So as He spoke to her, He was bringing change into her life. As He spoke to her the Holy Spirit confirmed something deep inside of her heart. She always lived with this thought that one day God will teach them how to worship. The connection with heaven be established. She knew that one day, “Your father says that we must worship on this mountain but our father says we must worship on the other mountain.” Jesus said, “Men will not worship on mountains alone but will worship Him in Spirit and in Truth.”

The days of worship are being robbed by the enemy. We got to push this Covid-19 back! It is time to change the water we use. Many MLM companies says that if you change your water, you change your life. Wish only they knew about the living water. Papa prays that we will drink the living water and from our inner most being shall flow rivers of living water. The woman said, “I don't want to thirst again!” “Whoever drinks of this water I give to him shall never thirst!” When God does something in your life it is going to be permanent.

There is a miracle for your obedience and the sacrifice you sacrifice before God. Remember this key word, **‘There is a miracle for your obedience!’** Because it is the Spirit dimension that is going to work in our lives. 2021 is a year of happenings. God will act.

We like this woman who is standing face to face with Jesus Christ. We must know who we are dealing with. Jesus said, “Give Me a drink.” And she started her whole story again, “How is it that You, a Jew ask me, a woman of Samaria?”

Papa's prophecy to you in Jesus' Name, "There will be nothing that will block you. Nothing that will stop you from transacting with the Lord!"

That's why she left her water pot on the ground and went to change the city, but the churches are held back by the water pot. The water pot is a picture of your past life. But God is going to do a new work in your life. He is going to teach you the way to do things that God's glory is going to come upon the earth. That is why this year is the year to make things happen.

You must see how this woman transacts with the Lord and how Jesus transacts with her, taking her from her past life to a new life. He sees to it personally how Samaria can be touch by God. It will become in you a well of water. Today when you hear His voice do not harden your heart. Don't make it hardened.

It is important for us to take this water because it has power and potential to expand and change your life. When God give us a prophetic word, we know He speaks to us by revelation but it is your obedience that will create the miracle cycle. God can start a whole new beginning of the Holy Spirit in your life because He said that the water He gives to you will become a well of water. But you don't see any river flowing between Jesus and her, but the river of the Holy Spirit was moving.

Unplug your potentials, plug into the things of God because something powerful is about to happen.

We must break away from all our confusion because God is not the author of confusion. Papa wants to say this to you so that you will know how to transact. Say, "I don't want to thirst again, I don't want to go this way again."

When COVID-19 has come, and after it leaves there is going to be a new norm. The new norm is not the ways of men but the ways of the Spirit. Because we have lived in the flesh for so long God wants us to rise up in the Spirit. It will become in you a well of water. So this morning receive it so that we can release it in the days to come. She said, “I don't want to thirst again; I don't want to walk this way again. I want the water badly enough, I can do whatever you say.”

ANS and ISAAC churches must begin to respond to God so that the river from your house will start flowing into the streets. The river that we see in the book of Ezekiel, there is no river like that. You don't see a river flowing from heaven down to a church, but yet the Bible says that when your spirit is connected, when you know how to connect your spirit with the Spirit of God, somehow the supernatural connection with the supernatural world, there is a river flowing from the throne into the house and from the house into the city.

She said, “I want this water!” Do you want this water? If you want, you got to open up your heart like this women. You must need it badly enough. If you choose to seek after it, it will come to you.

Papa sees the Holy Spirit coming upon us this year because we are waiting for Him. We have prepared our lives for Him so that there will be miracles because of our obedience. There is a miracle in your obedience.

Unlock the prophetic flow right now, then your heart and your spirit is not connected to all kinds of culture, race and perception that is wrong. Keep your water pot away because the water you are going to carry is inside not outside. That is why there is a miracle in your obedience. You will never walk this way again. The past is gone, a fresh new door is opened.

Amazingly everyone who drinks of this water will thirst again. There is no substitute to this water. Your job cannot satisfy you; your marriage cannot satisfy you; the dealings in the business world will not satisfy you because this water craves only for one thing; the Holy Spirit stirs in your life only for one thing, so that when God begins to speak, because He is the Spirit of Truth, He will affirm every word with signs, wonders and miracles.

You will come under the chain of command. Because when the river begins to flow, you will always think it is always you but you must remember that it is the grace of God that flows through your life. You can find your place before the Throne of God. You can find your place because you found a new way of life. That's what a new beginning is all about.

“Sir, give me this water,” she was so desperate. She said, “I will not be thirsty; I don't have to come all the way.” Jesus talked to her immediately, “Lady, go call your husband.” It speaks about the chain of command. The river flows because you are obedient to the chain of command.

Everyone who believes in His Name, they shall cast out devils. Everyone that responds to Him well, the river is flowing. When you lay hands on the sick, the sick will recover. This water is amazing, it can turn into wine. As you allow the word of God to move inside your life and begin to let it work within you the water will become wine. Stay under authority; stay under the protection of God. As the Holy Spirit is given to you this morning you will know God the Father whom you worship in Spirit and Truth. Not on this mountain or on the other mountain, it is the mountain of God. On Mount Zion our heart will be fixed to the pathway of holiness and our hearts will be connected to the place of Zion.

This morning break away from your own water pot and let the river change the water pot into a well. As His gives to you water

you will turn it into wine. Wine is part of the Holy Communion that He serves us. Marriage is a covenant so the One that makes covenant is here to turn every water in the pots, six water pots. Six is a picture of man. The fullness of man cannot change anything inside. Jesus said, "Take this water and bring it to the captain of the feast." He was amazed because the best wine is being served last.

The last outpouring is greater than the first outpouring. The latter glory will be greater than the former glory. The glory of the house that we are building today. You must remember to go back to the original church that will last until the future. The original church is what we are looking for. There is a pattern in John chapter 4 and how He changed the woman's life. A new relationship with the Father began to open up because she said, "Sir, I perceived that You are a prophet." When something changes in your life it is the prophetic that turns. The first work is always prophecy.

They cry out to God after seven years of Midianite attack, the Lord sent them a prophet. That is why for every crisis there is a word that will heal. In every endeavor there is always a word that will guard us and guide us.

Pray that we can say like Jesus that the hour has come and now is. Those that are prophetically strong will understand that the word has come. We have to align our lives to what God is saying and doing so that we can follow the pattern.

"The first account I composed, Theophilus, about all that Jesus began to do and teach,"

Acts 1:1 NASB1995

That is why we read in Acts 1:1, Jesus began to do and teach. I have written to you. What He taught before He left. I am writing this

letter to you, Theophilus. This is the profile of our Lord Jesus Christ.

There will be many people whose relationship with God will be opened supernaturally. God is going to visit people in dreams, vision, in trance, in supernatural visitation. It becomes part of our lives. This river is flowing and we got to let it flow in such a way that everything that is holding us inside will be broken. Your past will be broken. The Holy Spirit will come upon you with fire.

The water must become me in you a river of living water. Why does this woman want that water? She had her own reason. She doesn't want to come back here again. She doesn't want to walk this way again. She wanted the water that Jesus was talking about.

This morning is a divine exchange. **You give Him your heart. Drink that water from Him, it will become something inside your life that will give you power to change cities and change lives of people.**

He said, "Go get your husband." She said, "I don't have any husband." She had six men in her life already but Jesus is number seven. He is a Perfect Man. He is a complete Man. He is giving you one more chance to turn your life around.

"Sir, I have no man to put me into the pool," the man said. "When the angel comes and stirs the waters, I want to get in, but nobody is there to help me." Welcome this morning to meet the Lord Jesus Christ. He is coming for your life. You have no one but He is the One that is coming. ANS and ISAAC churches are going to supernaturally meet this Man. You say you know Jesus, that is not enough to just know Him but to become like Him; to become an instrument of God in the hands of the Father. This is what we need. It is a new way of living.

Drop the water pot, leave the water pot alone but take the water in the water pot and bring it to the host and they were so surprised that Jesus served the best wine and waited for the last day generation in which He would pour His Spirit upon all flesh. Your sons and daughters will prophesy, they will have visions and dreams. Your life will be active, in the night hour you will be dreaming, in the day hour you will be seeing visions. What an exciting life it is going to be because the Holy Spirit will work within your life. Everything that has to do with the chain of command you will know how to log in and God will begin to protect you in a special way.

Everything that God wants to do He has a purpose. He wants to fill you with the living water. “The water I give to you shall become in you.” **So God wants you to be accountable for everything He sends into your life. Every impartation that has come into your life you must acknowledge the source because it is according to the Order of Melchizedek.** You must not connect with the wrong connections with the king of Sodom or whatever negative things that may come our way. You must connect with Melchizedek. Melchizedek the High Priest of God, the Most High began to minister to Abraham. He gave him bread and wine.

Start something in your life. The cross must cut deep enough so that the bleeding of the sacrifice pleases God. God wants to establish something in your life and from your life flow out into the streets. It will affect the whole city. A new relationship with God the Father will break out within your life. The passage way is going to be opened. A new way of life. In fact the water became the centrality of your whole life because that is the water that can change you and change the world at the same time.

The years ahead of us are powerful years. 2020 - 2040 is double decade of open heavens. When the heavens are opened nobody can stop what God wants to do. He said, “I will open the windows

of heaven,” that is in Malachi but know that He who opens the heavens, that is in Jesus. When He went into the waters of baptism and came out, He began to pray and the heavens opened. Some of you have already seen physically that the heavens are opened. That is why we need to take advantage of God's Presence. The heavens are opened, His eyes is set upon us in a way we have never seen before. He is looking at ANS to take up the challenge to become the engine room and the power house for the rest of the world. One life changed can cause many lives to be transformed. Come under the chain of command; respond to God the Father.

Jesus said, “The hour is coming and now is.” Papa is praying that we will be sensitive to what the Holy Spirit is doing in this hour. 2021 is the year of happenings. God will act from heaven. God will act because of His Name. He will act because it is His nature to act. Most people see it and just walk away. He sees something and He finds an answer. He said that He saw Israel like sheep without a shepherd and said that, “I the Lord will raise up harvesters and laborers in the harvest field.” He saw the people and He felt compassion. There are a lot of people who sees needs but they don't act. They see people change but they don't act. You got to de-priorities those things. Come back to the original pattern because the more we obey the more we become like the Master and live under the Order of Melchizedek. The Son learnt obedience. That is why there is a miracle for your obedience this hour. Something powerful can happen.

This river is already in us, it must become a well. So you receive water, it makes you something on the inside and cause it to flow out. So Jesus, when he gives you the water, He comes in and restructures your life.

Many churches don't move forward; many leaders don't move forward. Malaysian churches have been running on the spot for a long time. Running on the spot will not get you any medal but you

are running this race. So we got to find the grace from heaven. Run well without being lost. God will change the nature of what is on the inside. Jesus gives the water, the water can find a way into the person's life to restructure him so that the water in the well can flow out. If you don't break forth inside of you then there will be no water outside. You must let the water in you become a well. We are dependent on that water for all our lives.

If there is no river, we need a well. The well will do exactly what the river water will do. The river could be multiplied ten times perhaps but the well is just one. So when you receive the water that God is giving to you, it will become a well. You got to guard that water. You got to keep the water clean and prevent things from getting into the water and contaminate it.

Don't know how many of you have drawn water from a well before. We are not talking about a wishing well where you throw in a fifty cent coin hoping that your dreams will come through. In the Kingdom of God, God always gives to you according to what you do. If you sow you reap. If you don't sow, others will reap what they have sown. A wishing well is different from a well springing up with water. If you really want to know then you have to pay the full price for what you dream for. You pay the right amount. You don't pay 10 cents and get a 20,000 dollar dream. What you would put in will be the full cost for the fulfillment. Many people have big dreams but small pockets. That is why God cannot do very much with that kind of level of sacrifice.

It will become in you a well with a power to spring up. You don't have to draw, it will spring up with the power of the Holy Ghost. The woman began to say that she has nothing to draw water. She said, "Sir, what do you have to take this water out?" You must know how to take this water out. We are learning how to receive the water. There will come a time of maturity that you must know how to take the water out from your well. When it spring up from

your well there will be potential that you will see. First you drink the water and you see the water makes something out of you and you see the water spring up. Firstly, I receive the water and let the water complete its work in my life. Let the Word complete the work in your life. Let the Spirit complete it and make a well inside you. Instead of drawing the water out, the Bible says that it will spring up by itself. The water will spring up by itself, you don't have to struggle, it will flow out. When it starts to flow out, you start to see the full potential. It becomes first mighty streams, then it becomes a river and the capacity is like the river that flows from above.

There is no stopping God's river. Nothing can stop the water. You can receive that water. It will become in you a well. Well you have to dig; well you have to scoop up but this one will flow out. What is within you will spring up.

Papa prophesy in the Name of Jesus that everyone who receives this water will have a well build into them and out of that well will flow rivers of living water. Your potential will increase, the flow will be greater, it will get stronger and stronger until it becomes not just a river but rivers of living water.

Papa wants to challenge you that when the river begin to flow civilization will begin to rise. Most of the civilizations start around rivers. Rivers define the boundaries of nations. God will give you a new territory to get involved in. Are you hearing what the Holy Spirit is saying? The river is where we hold civilizations. Like Muar river, everything grows around Muar river in the beginning of time.

The Mekong river divides China from Thailand. Mekong river is like a boundary. God will give you back your boundaries and borders because I see the President of America wants to open up the borders. It will be control by man but the river comes from above will define its own pathway. If you remove the Marine Police from

the borders you will find all kinds of infiltration. People who live in that country are surrounded by the boundary. People can come in from outside and take over the territory of others. Papa wants to challenge us that we do not want the devil to hold us back.

The river is for transportation. The river is to irrigate the land but every river started somewhere. When it started, it started small. Papa doesn't mind to be part of something small that will one day become big. But we don't want to have a celebration over one that is small. We don't want to be part of something big that will end up small. But everything God starts is small. But the amazing thing that whatever God starts, He never stops.

What God started in America will continue; what God started in Malaysia will continue. That is why the river must flow out. When the river is inside, it will just satisfy your needs but when the river is outside it will draw boundaries and tell the devil what can be done and what cannot be done. Don't be careless to just drink a little bit but drink all you can because the water He gave to her was more than what the water pot can give to her.

People ask why my nation is not changing because the river is not flowing. Why are you not changed? Because the river is not flowing. Papa wants every member in ANS, ISAAC churches around the world and those who have ears to hear that God is going to do this thing that God is going to give you fresh water. As you start to obey and follow the instructions from heaven and your leaders who are connected to God, it will become in you a well springing up to eternal life. You don't have to draw, it will spring up.

That is why we are talking about the prophetic flow. Unlock the prophetic flow because when the prophetic river flows then God will begin to act. Surely the Lord does nothing until He reveals His secret plans to the prophets. They are called His friends. They are friends of God, friends of the Bridegroom and that voice will be

heard in the temple. God will start something powerful in your life and start stirring your spirit, giving you convictions, visions, dreams, revelations and the fountains of life will begin to flow inside. When that river begins to flow civilizations will be getting up. New things are going to happen. Boundaries are going to be cleared, the borders are going to be secured. The land will be irrigated.

You can only see the potential as it gets out of your body. Jesus said, "I felt virtue flow out." You must get ready for the flow out session.

"In the six hundredth year of Noah's life, in the second month, on the seventeenth day of the month, on the same day all the fountains of the great deep burst open, and the floodgates of the sky were opened."

Genesis 7:11 NASB1995

We cannot believe God for revival until the water stirs up your heart that there is no doubt in your mind that the Holy Spirit is coming down.

How do you know what God is going to do in your life? The Holy Spirit is going to speak the word and you got to activate that word. The word will change your attitude. You will find that the word will become material in your hands so that you can do what God wants you to do. It will become in you a well springing up to eternal life. Therefore the potential of that river cannot be understood unless you let it go. Lay hands on the sick; Preach, pray and prophecy until revival breaks out.

When the river begins to flow across the different zones and different regions of the nation the land becomes more accessible to more people because the river opens up the entire region. The jungles of Amazon are so thick you cannot pass through. You can

only pass through by the river. The river can bring you miles into the jungle. There is no place you will stop as long as the river is going. As long as the river is flowing you can go all the way as far as the river is leading you.

We change the lands; we irrigate the land. We provide transportation and new land is accessible. Food is transported along the river. There are many opportunities for economic enrichment along the river. And every river starts from the top.

Straight rivers are more powerful. The sluggish rivers are bending all the time. And the amazing thing is fast rivers cleans up by itself. The river has a way to cleanse itself. When the rain comes, when the flood comes, they redesign the river. We can find deep rivers and shallow rivers. One of the amazing things we discover is the river doesn't flow backwards. They want to go into the sea. They go into the S.E.A - South East Asia.

Let the river flow because the river of God is flowing in the heavens but you don't see it on the earth. The river flows as it is in heaven into the earth. We are the Throne of God because no river flows except from the Throne. The rivers of Babylon are contaminated but the river of God is pure. It will bring healing; bring restoration.

“The water I shall give to you shall become in you a well.” When it becomes a well it will begin to spring up. That is the next dimension. You are attracted to your miracle. The miracle is about to happen because of your obedience. The miracle is about to happen because you come into a place of authority. You know how to use Jesus’ Name; You know how to use the language of the Holy Spirit to be connected to heaven. You know how to guard your health, your wealth. Either have health or hell, but we choose health. God is our healer.

The river will flow and cleanse itself and get itself ready and then it will flow out like rivers to the cities round about. This is the beginning. In John 4, the woman left her water pot and went into the city to change the city. In chapter 5, you see that God is stirring the water but we must come to a higher order. Let angels move around, touch the people and stir the waters, we must get out and change the order and rise above everything that holds us back.

“for an angel of the Lord went down at certain seasons into the pool and stirred up the water; whoever then first, after the stirring up of the water, stepped in was made well from whatever disease with which he was afflicted.] A man was there who had been ill for thirty-eight years.”

John 5:4-5 NASB1995

There is miracle in your obedience. There is power in that river. We let the river flow, we don't have to wait for anything external. Every miracle will be internal. Every word will go deep inside and stir up the river of life. You don't need anyone to help you.

“Sir, I have no man to put me into the water when the water is stirred up.” You must learn to enter in. Sunday morning is the best morning to enter in when we worship in Spirit and Truth, sing with all your heart, sing with all your soul. Enter into that river. New things are going to happen.

2021, we are not in 2020. We are not bitten by a snake and go back to 2020 like the snake and ladder game. God wants you to rise above. No sin is going to hold you back, no deception is going to keep you down. Throughout all the nations of the world the Holy Spirit is pouring out His Presence.

The water is making in them a well and the well springs up and the river begins to flow. If you want your life to be exciting then this is the message for you. Jesus knows that we have been laying in that

state for a long time in that condition. Those of you in ANS and ISAAC churches, listen to this very carefully. We have been in this condition for a long time. We have been on this mountain for a long time. It is due time to let the river flow. Let the river flow from heaven, flow into your life, flow into your spirit. Let God do something inside so that it can be a consolidated stream springing up into eternal life. We have been in this condition for a long time.

The new normal for us is to listen to what He is saying. We have received a fresh word from heaven that 2021 is the year of happenings. God will act. There will be no hesitation, there will be no alterations, there will never be a time where there will be a stop. The time is NOW!

Your son lives because you and your household believed. So this centurion asked, “When did my slave get well?” At the hour Jesus said! In the same hour that Jesus said! God is going to create miracles in our lives. The moment He said it, things are going to happen. The moment He opens His mouth, the hour that Jesus said, “Your son lives!” He himself believes now, the whole household got saved.

“This is again a second sign that Jesus performed when He had come out of Judea into Galilee.”

John 4:54 NASB1995

The first concerns the water, the second one concerns the act of obedience. The hour Jesus said it happened. The hour you believed it will happen. But like that river, the life of Jesus begins to flow and societies will be changed.

Prayer:-

“Receive the word of the living God! Every blockages, every limitations be bound right now. I pray that your faith will be limitless. No more limits, no more limitations, no more oppression,

no more oppressiveness in our minds and our souls. We thank You that You have given us the river but now we see it coming to us as a well within us and the well will spring up, the stream will flow, then the river will flow, rivers of living water will flow. Get ready to start with the Lord Jesus Christ this morning. As you stand to your feet, say like the woman in your mind. I don't want to come back this way again. I want to go up higher. Sir, give me the water. Press into the Presence of God, push into the Presence of God. Receive that living water right now; drink of that water right now. In Jesus' Name I impart that water right now. Holy Spirit, I pray, release right now every man and every woman in this place and are part of this house and even across the nations in ISAAC churches, we pray that a fresh water come from heaven and restore the lives of the people within, and let the wells spring up and rivers begin to flow and cities begin to change, nations be taken. There are cities to take, there are giants to slay, because God is in the midst of us.

We declare war on the devil and all his works, that this is our territory in Muar, in Johor, in Malaysia, in South East Asia and the nations of the world. I speak to you right now to leave, you have no power to stay in this territory because this is our terrain, our territory, we don't have to ask you for a yes or a no. We don't take permission from you devil, in Jesus' Name we take permission from heaven and we say let every door be opened, every miracle be set free, every family be changed, every life be changed, everyone suffering from financial difficulty be free from poverty, in Jesus' Name right now. Lord, let the Spirit flow. In Jesus' Name we set you free right now that 2021 will be a year of action. They are strong and display action. In Jesus' Name, let the church in Malaysia rise to bring about a complete change. Save the people who are poor, let the good news go to them. Those who are rich, let them be part and purpose in the lives of the nation. We thank You right now. We stand together in faith. When the day of Pentecost had fully come they were all together in one place. Lord, our Pentecost is coming; Lord, our liberation is coming; our

freedom is coming; our victory is coming; our Jesus is coming, hallelujah! Let Your Spirit flow right now. Let it flow like a river right now!

Receive your miracles. There is an obedience for your miracle and the full potential of the river will be seen in your life. Bless those of you who are hearing. The fountains of the deep will be burst open the; The floodgates of the sky will burst open. In Jesus' Name, Amen.”
