

God's Hidden Treasure In Life

The month of April and the month of September are two very important months. Papa is talking about **the life giving Spirit that is going to fill our lives**. Papa can see the wind blowing. It is blowing upon the house. As the wind begins to blow the waves as it come close to the house it became building materials. Stone, cement, wood, carts and all kinds of things begin to come to that house. Then I could see the house began to be bigger, bigger, and bigger. Papa asked, "What is this?" He said that **He is going to bring the right tools**. There is miracle in your obedience. He said if you act in what I ask you to do you will not be affected by winds of adversity or winds of change. **So the wind as it blows against the house, it gets closer and closer to become a tidal wave. All the water that came down began to bring what is needed for the house.**

God told Papa to listen very carefully. God dimensions that are inside the house, that is what we are looking for. We are looking for the demonstration but that is the result. **The tidal waves as it smashed on the house, the chair that was not strong, it gets stronger, the carpet that was dusty just cleansed. The house just stood straight just like that. We must treasure what He has deposited in your heart. This is the only thing that is going to cost this thing to happen.**

What is God putting into your heart? **The most intense desire may not be His assignment.** Papa had something

pursuing in his heart for a long time. Then when he wanted to go to university, he didn't have enough but he had the privilege to be working. The Lord said to Papa, **“You keep on doing this, that is to continue to minister, in a short period of time I am going to give you what you don't have. Whatever is lacking in your life I am going to give it to you.** So Papa stood up on faith, Papa believed God that with very little, He is given ????ing to give us much. For the five loaves and two fishes, you get three thousand, five thousand, twelve basket full. Because these inner dimensions are the reason for the expansions. It is going to be the reason for the demonstration. It is the result. That is the reason why Papa is restructuring the work. So that we hit rock bottom. Meaning we get into the depths of the things that He wants.

Papa had wanted to be interviewed by Larry King and be a professional basketball player because that was what Papa love to do. Lastly, Papa wanted to be a body builder. All these visions vanished. When you touch the things of God the natural things don't matter. The past cannot hold you. That is why we have the liberty to dream. Start to dream dreams; **The things of God is like a portal in your life so that the Holy Spirit can come down anytime any day.** In the time of crisis helicopter cannot land. As you go up higher into the sky, you see so many buildings with landing pad.

Jacob was running away from his brother and then he went to a certain place. He woke that morning and said, “How awesome is this place? This is non other than the high way

to heaven and God's highway to earth. And He began to realise that the angel was speaking to him. Every fear left because the fear of his brother was at his back. God assured him everything would be ok. Even though he was not the best but 20 years he served his father-in-law and finally turned the entire business of his father-in-law his side.

The dimensions that God put into your heart are eternal. He set eternity into your heart. No matter what you try to do you cannot escape the call. So take the dimensions that God put into your life and get ready for what is about to happen.

What must we do? Traditionally, Papa would say pray more; pray with fasting; pray pushing very hard; pray together; but it is no use if you don't know what is legitimately yours. You don't know these ones belong to whom. But **if you know that these are treasures God put into your heart to build into your future you must focus on that.** But the problem with Jacob was money. Struggled with the Holy Spirit. God had to give the father-in-law a dream and frightened him, “Don't touch Jacob, he is mine,” For twenty years he has laboured and he has changed the wages for Jacob more than ten times. Before he left, God came and told him that his time was up, “I am the God that met you in Bethel, I want you to come back!” “What about my brother?” The past has no holding on his life and God guarded him and showed him what he had so that he doesn't have to fear. God practices preventive measure. **He**

tells you don't fear and He changes you so that you don't have to fear.

Listen to this! This is the key why you are going to be blessed. You know that you **just love Him with all your heart, soul and strength with all that you are called according to His purpose that we see that God cause all things to work together for good.** Why did Jacob struggle? God had to put an end to the struggle. In the dream touched him in the hollow of his thigh and he began to limp. Because he was struggling with the angel. The angel said, "Let me go!" He didn't want to let him go. He asked the angel what is his name? Angels don't tell you the name unless they really want to frighten you. Put the fear of God into your heart. He said, "I am Gabriel!" He stood before Zachariah, "I am Gabriel who stands in the Presence of God. How dare you challenge what I say. I am delivering the message of God to you."

The word of the Lord for us is this. **Discover and treasure what is inside. Anything built apart from it will fall. God has put desires in our hearts.** Some of that desires can be put by others into your heart. But when He set eternity in your life, eternity has already started.

The river that flow from the garden of Eden, as it flowed out began to discover gold and all nine of minerals were there. When your river flows it is not unprofitable. It is purposeful. The river flowing is not just to give you water to drink but it will carry you to the sea. Every time Papa read the Bible and the word S.E.A. it tells him that it is

South East Asia. What we have should reach out all of South East Asia. Papa promise you this that if he stay long enough we will make this happen. Nothing is going to destroy it.

You will be surprised that they will be one type of prayer in parliament. We are talking about inside parliament. See, how many believe? There is not even an amen at all because you cannot see. For those who can see they shout. **Sing O barren, sing! You didn't have as much as the married woman but you will overtake them. You will overtake your friends, your brothers, your sisters, you will go up higher and higher like never before.**

If you catch the winds of God, dateline April, dateline September. Two waves that are coming. One from the East which is the glory of God, there is another coming from the North. Papa is not talking about Perak or Penang. He is talking about some dimensions in heaven. North is where Zion is, where God's Throne is. So the East wind is bringing God's glory, the North wind is going to bring in God's Presence.

Let God open your eyes so that you don't pursue the things of this world that Friend, He is our Comforter, He is our Teacher. We must stay in this river because this is the river that will carry us. When you enter into the river, purpose to go deeper. When you hear a sermon, purpose to hear the sermon this morning and hear it better and make it better. The problem with many of us is that we hear but we don't heed! After you hear you must change

your life because there is something before you that is challenging you, “Change! Change! Change!” But when you don't change, your name is not changed. You are not Jacob anymore you are Israel because you have prevailed with God and with men. So the angel came to offer him another set of life. The life is victorious. You will have no fear. **In fact your name is changed; your DNA is changed; everything in you is changed. Nobody can see the sup planter in you anymore.**

Papa likes Christians. It is easy to talk to them because most of them don't talk about truth. That is **why the world listens to us because we are like them. The day you change, you will be like God. If they still receive you, then God has given them salvation.** Many times we just don't realise how powerful we are that Moses should stay on one mountain, lift up his hands and all of Israel prevailed against the Amalekites. The battle is the Lord's! He has already given you alliances; Holy Spirit is One, God the Father is another, Jesus you have, and the angels are all around so that the whole atmosphere will becomes solemn and awesome. So treasure what is in your life. Do not let any other thing desire you. Keep focus on that.

For the law of the Spirit of life set me free from the law of sin and death. We must be free so that we can function. If we get a car that can break down very easily, it will be one trouble after another. But if you get a good car to travel distances, it is not style, it is survival because you don't know where the devil wants to hit. Even if he schemes

against your life God will show to you that you can win the battle.

*“For this reason I bow my knees before the Father, from whom every family in heaven and on earth derives its name,”
Ephesians 3:14-15 NASB1995*

We receive dimensions. We receive things from heaven that will become the best building materials for our lives. Sometimes we do the cheapest way, get the cheapest model and then after a period of time something drops on the floor and it cracks, the kind of tiles that we have. But there are those that are hardy and rough. Even the whole pot falls to the ground, the pot suffers but the tiles are well. Every family receives somethings from heaven. No man born alive has to sing, ‘I who have nothing’. Everyone will be tested with the same type of test. **Sometimes He gives one special grace, to remain, not rich but just sufficient but put inside them a character and conviction. Like conviction of steel that is strong. They may not be very rich but rich in other things.** Before your lives end, everyone of us would have gone through the process. Some born rich, some made rich, some try to be rich, some are filthy rich.

They are different levels but right through your life you will be tested in the same measure. Some of you may be tested with durians. Some of us are tested with money, some are tested with wife, some are tested with sense of hope and identity. But every one goes through the same type of thing. Same type not the exact same circumstances. Every

one of us will know what is inside because you receive it from the Father. When you receive it from the Father, you know that the Father's gift is inside you. You cannot block this. Only with God you can penetrate this thing. The woman said to Jesus, "Should we look for something that we can dig deeper and deeper into this well?" But was Jesus talking about the water in this well? He said, "The water I give to you!" So everyone can receive something.

Even God shares His faith. If you the have faith of God. If I say have some coffee, some tea and you are served. **You don't know how good the Holy Spirit is until you realised that while you are listening to the sermon something dropped inside your heart.** God can go deeper and deeper inside your life. David said, "I was lying on my bed meditating Your word that Your Presence came down!" You don't know how kind God is. **That is why you got to treat others kindly so that you can be treated kindly. You are merciful because you have seen the mercy of God on your life.** Say, "I will discover the treasure of God in my life!" **Sometimes you carry strength in you that others don't carry.** Each one will be given something so that you can start your life off. The course of life He will bring you through many experiences and establish more things in the Spirit. That is how it works.

Papa's job is to pray that God put the right things in your life and that you will be careful to take it into your life and work at it.

“that He would grant you, according to the riches of His glory, to be strengthened with power through His Spirit in the inner man, so that Christ may dwell in your hearts through faith; and that you, being rooted and grounded in love,”

Ephesians 3:16-17 NASB1995

He said He would grant you according to His mercy, to be strengthened with the Spirit in the inner man. So we realise this say no that we call God dimension and God unlocking the key for you as a treasure in an earthen vessel. You might be strengthened with power through the Holy Spirit in the inner man. **You set up a foundation and a platform for God to strengthen you with power.** Power belongs to God. We must have authority and power so that our inner man is strong. Why is the Holy Spirit pursuing this?

Why is He strengthening you according to the grace of His glory? To be strengthened with power of the Holy Spirit in the inner man. Why is God wanting that to happen? Because **when the Holy Spirit strengthens your inner man and you have unlock your spirit and allow God to dwell deeply in your life that Christ will manifest.** Christ is the answer for all. If you are sick, He is the healer; If you are condemned He is your righteousness; You have fear, God will raise you up to the next level, you can break the spirit of fear. Perfect love cast out fear. If you really love somebody your focus and your attention is there. Strengthen with power through the Holy Spirit. **Your inner man is where God is going to build on. The inner man is**

the foundation. Holy Spirit works on the inner man. The work of God is inside your spirit.

“so that Christ may dwell in your hearts through faith; and that you, being rooted and grounded in love, may be able to comprehend with all the saints what is the breadth and length and height and depth,”
Ephesians 3:17-18 NASB1995

Your inner man is where God works upon. Holy Spirit works on the inner man, Christ works on the inner man so that you will be rooted and grounded. You got two feet on the ground solidly standing. Papa use to play basketball. Not only the jumping is important but the landing is important too. You see these guys jump and slam dunk and when they land with both their legs wider so that they can maintain a balance. You cannot put your two legs together it will be too easily to be tapped and too easily you will fall.

The work of God is inside your Spirit that is why you don't know all that enters into your heart. But the Holy Spirit knows what you need tomorrow. He doesn't work on last moment like you. He doesn't have last moment anointing. He is a now God. So the Holy Spirit will strengthen your inner man so that Christ may dwell in your heart. We pray to the Father, we work with the Holy Spirit and Christ dwell within us. What more do you want? **Father is in connection, Holy Spirit is coming in and Christ is dwelling in your heart. What do you lack then? Why would you lack then? There is no reason for you to lack because the Father is connected, the Holy Spirit is strengthening your inner**

man, Christ is doing the rest so that you are rooted and grounded in love. So that you may be able to comprehend with all the saints what is the breadth, length, height and depth of God's love.

One of the major problems that earth face at this moment is called human relationships. This is the most difficult part of life. Most of our problems are with people. Most of the problem is the people. Your technology, your computer hangs. Something happens to your hand phone. Those with technology can solve it. They can change election results from another country. It is like sending missiles to the country. What else will people do? They will do more of these! Because nobody fights anybody. The one who won the election is lost; the one who know he has lost is now moving exerting authority he should not exercise. The Father, the Holy Spirit, the Son and then now God brings all the people He has worked in, He brings them closer to you. At the end is not money it is to raise people. That's why Papa raise you and left the money part to you so that you choose to live a different kind of life. **You know how to love. You know how to hold and keep the family together. If you know how to hold people you will have good clients.** If every time you explode and you push people away you are going to have trouble. You will die a lonely man or woman. So **comprehend with all the saints the dimensions of God.** Papa needs you and you need him. You cannot finish the race without Papa; Papa cannot finish the race without you.

But you know this problem we have with Covid-19, we have all kinds of restrictions that really does not liberate us. Hold us back in a sense of hopelessness because we don't know what is going to be in the future. This is one reason why we need to give our will back to God and start doing His will. Because everything the world is planning is to bring order; government, control. That is the power today. If the top change everything, nobody can return.

“and to know the love of Christ which surpasses knowledge, that you may be filled up to all the fullness of God.”
Ephesians 3:19 NASB1995

Right connections with God the Father and infused strength from the Holy Spirit. Christ dwelling in your heart and people gathering around you and to you. **At the end of the day the one who really wins is the one who knows the Holy Spirit. If people have seen the Holy Spirit flowing through your life and you are doing wonders, they will be influenced so that they don't have to do the rubbish everybody is doing to feel safe and comfortable.** With the Holy Spirit there is righteousness, peace and joy. With the Holy Spirit there are nine gifts, nine fruits and there are other dimensions that the Holy Spirit can place it on your lives.

So we have the saints, people like you with the same frequency. **The Holy Spirit factor is going to be the final end. The Holy Spirit and the bride said, “Come.”** That is why the Holy Spirit knows the time, we are not told. As prophets we are not told what day what year He is coming

back, but 21 is a year of happenings so anything can happen. You must believe that. One day you will be surprise maybe after a few years your son arrives in the parliament. Not praying but can be a candidate in the parliamentary post. Don't always think about yourself. "I think I cannot make it." It is not about you. Why don't you have a seed someday that will rise up and fulfil your dream. If Papa push everything away those beside him will have nothing, behind me will have nothing. It is foolishness. When God speaks to you He speaks to your generation so that those do not continue will be cut off. But it is because of people who are connected to you who carry dimensions of life. Fight for your family; fight for the next generation. Why should it always be about you? Do you know God can raise somebody else? He can cause souls to cry out in praise and worship. Don't offend the bricks because if God's wants them to sing they will sing.

The Spirit of God must flow upon our lives. This is a cycle. Father, Holy Spirit, Son.

“and to know the love of Christ which surpasses knowledge, that you may be filled up to all the fullness of God.”

Ephesians 3:19 NASB1995

Fill up with what? **Fill up with all the fullness of Christ.**

“Now to Him who is able to do far more abundantly beyond all that we ask or think, according to the power that works within us,”

Ephesians 3:20 NASB1995

Holy Spirit work within me deeper and deeper, not shallow but deeper and deeper more than I can ask, more than I can think in my mind. But the power must work within us. So we thank God the Holy Spirit is here. Do you want to see the connection it's the Father become real? It is important to agree with what God is speaking unless you don't believe that God does speak through Papa. The church in Corinthians was like that. Paul said that you don't think that God is speaking through me and he challenged them to listen to what God is saying. So number one is we have connection with God the Father. You don't know the way somebody led you there. Jesus said, "I am the Way, the Truth and the Life, no one gets to the Father without Me." So you cannot find the things of God unless there are some people who help you.

Papa was led to Christ by his geography teacher. She is so small but she spoke into Papa's heart. Then Papa went to her church, not a Spirit filled church. But she touched Papa's life and he is eternally grateful. God used different people to bring Papa up. That is why less we forget, every morning reflect back why you are here. Why must everybody help you? Why are you here? What is God's call on your life? **Our connection with heaven will be made clear. The power of the Holy Spirit will become deeper. Christ will demonstrate and you will be able to comprehend with the people.**

*“For this reason I, Paul, the prisoner of Christ Jesus for the sake of you Gentiles— if indeed you have heard of the stewardship of God’s grace which was given to me for you;”
Ephesians 3:1-2 NASB1995*

Why does God raise up people? So that they can raise up others. Papa teaches you and you teach the ones beside you. That's what leadership is all about. It is very easy to run the church. It is very easy to build the church. You just got to get some common sense into your head. You see somebody, you talk to them, see where they stand with Christ and prescribe the antidote. How difficult is that? The difficult thing is the time you have to spend to see the seed grow. Time factor. Secondly is the impatient factor. You want the seed to come out quickly. It will come out also but when trouble comes they run away because they have no roots. After a short while you lose them. Don't know what you say but Papa is flabbergasted to think how could they have done such a thing? For Papa to betray you is a difficult thought that doesn't even come within five mile range. To dishonour the relationship that Papa has with the nations of the world, from the man at the top all the way to the grassroots be blessed by what we carry. That is why there will be more and more people that joined because it has proven its worth. But it is according to the power that works within us. The Holy Spirit must be within us working deeper and deeper. According to the power that works within us.

Everything we need starts from what is in the house. God put it in the storehouse for you. Somebody is carrying

your answer. If that person comes and answer you, your problem is solved. God put different graces on different ministries so that one ministry don't monopolise everything. It distributes each one of us our own share, our quota, our contribution. When that begins to happen, when every part is contributing, it will work.

“but speaking the truth in love, we are to grow up in all aspects into Him who is the head, even Christ,”
Ephesians 4:15 NASB1995

If you speak truth in love. We will grow up in all aspects. So we who doing the speaking, other who are doing the listening are connected together because they carry something that you need. So every part must contribute.

“from whom the whole body, being fitted and held together by what every joint supplies, according to the proper working of each individual part, causes the growth of the body for the building up of itself in love.”
Ephesians 4:16 NASB1995

So that we are not children. There is a treasure in you that you can only reap when the time has come. Deep down in Papa's spirit he believes that things will happen in the days to come. Papa is so sure without any shadow of doubt. You will be the witnesses of what God can do in a life. So we got to speak to one another in love and for heaven's sake we must grow up in all aspects. **Talking alone is not enough, we got to do the making.** Speaking the truth in love we grow up.

We talk about the dynamics of operation. **God speaks to you, then you take what God speak to you to speak to yourself until you are truly convinced, then you share with those who are closest to you so in case you run wrongly, you get them to check. After that you are more confident. You start to meditate, it becomes clearer and clearer.**

Words that come into your mind is the material. How one day it will come out. What is inside cannot be seen. You can only see and hear inside the mind. If you meditate upon it more and more it comes down. Your mind begins to understand and you become anointed with skill to make it happen. **There is nothing in this place that is not a contribution of somebody.** Even the pulpit design this way, either written on a file or a book. The chair that you sit, between that chair over there and the chair at the side, the two look different. It was a product of the mind. So God didn't say you don't use your mind. Some of us should use it more. Einstein says that we only use 10% of our head. If that is true 90% is wasted. That is why some brains are cheaper than others. Not used at all. Ask or think, you got to think.

“from whom the whole body, being fitted and held together by what every joint supplies, according to the proper working of each individual part, causes the growth of the body for the building up of itself in love.”

Ephesians 4:16 NASB1995

So everything must function. This was the argument. **People need to hear the word, begin to heed the word, begin to meditate on the word, and have strong conviction of steel. Hear the word, heed the word, it means you take your attention and place it on the word. Meditate until you are already have strong a conviction in your heart and believe that truth finally finish its mission. Everything that God has spoken to you must be inside you a conviction of steel. Inside your mind no doubts. In your spirit there is no fear.**

In fact your spirit is alive in righteousness. Our body in dead in sin. What the law of Moses could not do God did. What did God do? Why the law failed? Because the law was a restrictive command. It can only keep you save and guarded and guided. It won't allow you to do anything else. The law works on punishment. But the grace works not on punishment but on cleansing and chastising. So what you really need to know is hear what God is saying, heed, that means take all your attention and place it and give full focus. Meditate, that means you think of it from every angle. But some of you can be dangerous because your brains work at every angle. We must have a discipline to study what does this mean, what could it mean? What is already the interpretation now? So you meditate day and night. This Bible you cannot carry all night but inside the brain you can, left, right, left, right, you can go on for ages.

Hear the word; Heed the word; Meditate on it day and night; Build a strong Conviction of Steel on what you believe; Then ready to go to battle. You are going to battle

without a sword? The two edged sword must be inside you so that no enemy can oppress your life.

“In the same way the Spirit also helps our weakness; for we do not know how to pray as we should, but the Spirit Himself intercedes for us with groanings too deep for words; and He who searches the hearts knows what the mind of the Spirit is, because He intercedes for the saints according to the will of God. And we know that God causes all things to work together for good to those who love God, to those who are called according to His purpose.”

Romans 8:26-28 NASB1995

This is the key verse that propelled you out of trouble. That is how we know that God caused all things to work out together for good. In the same way the Holy Spirit help our weakness. When it talks about the same way it talks about verse 18-25. **How creation is groaning; how the Holy Spirit is groaning; how our spirit is groaning too deep for words. So it is the same frequency everywhere. And God connects all the frequency together.** How do you know? Because **God will cause all things to work out together for good because He sees the overall thing that is about to happen, He engineers it. But first He set you free.** There is therefore now no condemnation for those who are in Christ Jesus. So there is a process, there is a pattern. We are led by the Spirit, our spirit receives the Spirit of adoption by which we cry, “Abba, Father!” We are sons of God. So the Holy Spirit becomes your leader. He leads you to the Father.

“For all who are being led by the Spirit of God, these are sons of God. For you have not received a spirit of slavery leading to fear again, but you have received a spirit of adoption as sons by which we cry out, “Abba! Father!” The Spirit Himself testifies with our spirit that we are children of God,”
Romans 8:14-16 NASB1995

So there is a lot of divine activity going on inside. You will come out to be more than a conqueror. But these are processes. You say, “Why I prayed, and it didn't work?” How do you know that it didn't work? Because I didn't get the results that the Bible says I should. The answer has already begun. God is changing the way you think. It is not that God didn't speak. It is what He spoke gives confusion to you because your mind is already confused.

We did not receive the spirit of slavery but the Spirit of sonship. And the Holy Spirit Himself bears witness with our spirit that we are children of God. So you can know the Holy Spirit connecting you to the right thing to the right places.

So now we come to verse 26. We don't know how to pray, we don't know what to pray about, where to start? You cannot be a prayer leader like this. You must be one that is clear what is supposed to be done. So we don't know what to pray, we don't know how to pray; the Holy Spirit will help start for you.

The Holy Spirit knows what is the need, the Holy Spirit knows what is the trouble. He can show it to you and

make you feel for it. So the Holy Spirit will come to help, our weakness not sinfulness. Our weakness is we don't know how. We don't know how to get this thing going but the Holy Spirit knows. So what we do is to start with Him. So you **start to pray in tongues because He is standing in the gap for the person you are praying for. You don't know how to pray, the Holy Spirit knows how. So He is inside. How do you know He is inside? The Spirit in tongues help you understand. You edify yourself. You know you can identify He is here.**

On Sunday morning you got to know one thing, is God here? It is a feeling of God's Presence that is real. That is the thing that must hit home for you. God is in His house. God cannot be anywhere else. He has to go home. So **the Spirit of God will move us from the spirit of slavery into sonship.**

So you pray in tongues. When you pray in tongues there is a certain vibration. When you talk there is a certain frequency. Certain things you want to say is going out. Do you believe that? The words we speak are Spirit and life. So **when you speak the word, the Holy Spirit speaks through you and when you pray in tongues, it is according to the will of God.** That means everything He says is in line. He will not violate the Bible because it was He who stirred the people to write the Bible. So He will not lie. So **when you pray in tongues, all that you are praying is in the context of God's will.** But we don't know. It's too deep for words to go search it out. So it is difficult for us to understand for it is words within our confines so that we can listen and

understand. But this is in the Spirit realm. **When you pray in tongues you fill yourself. You build your inner man stronger and stronger.** But we must know what He is trying to say to us. So the Holy Spirit will tell you what is in your mind. You pray in tongues, you say you don't understand. Papa pray in tongues, he doesn't understand either. It is a different language. It is the utterance of the Spirit. But when the Spirit begins to speak His utterance in all He is saying all in the will of God. It is this knowledge that is not transferable because you set your mind up wrongly. You cannot open the program unless you have the software. There are certain things you fast but unless you have the software you cannot open it. So how is He going to pass the knowledge over to you?

Remember the mind set on the Spirit. So **the mind set on the Spirit we can understand.** So when we set our mind on the things of the Spirit, there is life and peace. **It is yielding to the Holy Ghost. So when you pray in tongues remember the Holy Spirit is giving you the utterance. That utterance you must receive so that you can connect what is your mind and what the Holy Spirit is going to do.**

God wants to really help us through for the days of weaknesses will be covered. We are weak on this area, we don't know everything. When we first started we do not know anything. We don't even know why we are in that state. It is just like waking up early morning and which room is this, which hotel is this? You have turn on all the lights to know that you are in a different place. But **the Holy Spirit knows what is in the mind of the Spirit because**

He is the One directing you. You know what God is saying up there in heaven. He who searches the heart knows what the mind of the Spirit is.

When I pray in tongues, my spirit is edified. Edified means built upon. It means step by step God is building on it. When we pray in tongues we are praying the will of God. When we pray in tongues this is the utterance we must understand. Prayer for Sally, we need the Holy Spirit show us what is His mind. We need to know Sally's problem. So **when the mind of the Spirit is given to us, the Holy Spirit tell us what is the problem, show us what is the way to handle it.** That is why we got to know what the mind of the Spirit is and what is the need for Sally. So when these two things can come to you, you know how to drive this across. **You are praying for Sally, you don't know but you feel that the Holy Spirit can give you the answer. So the Holy Spirit will intercede for you words too deep to understand. But if we can understand God will cause all things to work together. And you also become confident because God is working and He shows you how He is working. So He is working, you are working too. The Spirit gets into your spirit and work in your spirit. Strengthen your inner man, fill up your inner man and speak to the inner man. So in your heart you are assured what the Holy Spirit said to you is really from Him. Then you have no fear. Because we know that God causes all things to work together for good because the Holy Spirit is there.**

Papa praying:-

“Father I thank You for Your hands upon our lives. Thank You for the Holy Spirit. He is our Comforter, He is our Helper, He is our Teacher, He will lead us into all Truth. The word lead us into all truth does not mean every information. The exact word, the exact thing He is speaking to you. In a voice message you don't preach the entire Bible to the phone. You have clear words of instructions that is coming to us.

Father we thank You right now that the Holy Spirit is our Friend. He will show us the way of the Spirit so that we might prevail in the spirit battle. Father, cause our spirit to be stronger and stronger and our mind to become clearer and clearer. We have this weakness. So the Holy Spirit fills up that weakness by groanings in Your Spirit. So what He knows He will release it to you so that you will know how to pray precisely for Sally and what to pray for because He intercedes for Sally according to the will of God. Then He causes all things to work together. So He uses you to change Sally's life and He uses you to change the environment. So we become channels of honour. Not by might, nor by power, but by My Spirit says the Lord! It is not by your strength, it is the words of utterance the Holy Spirit gives. So when you pray in tongues the interpretation will go to the spirit world and everyone in the spirit world will be waiting for the Holy Spirit to bring it down to fulfillment. 2021, 21 years of the 21 century. We want God's hand to be upon our lives that this year we will learn more of the Holy Spirit than anybody else so that the whole atmosphere can be charged up.

In Jesus' Name speak to us everyday Lord. **Show us how to heed the word, how to meditate on the word until our mouth there is no negatives at all. So speak the words of life and continue to speak the word of life until our mind does not doubt anymore and our spirit is sure to hit the mark.** We thank You. Thank You, Jesus for sending the Holy Spirit to us. Baptise us with power and might so that we can minister with authority. With power and authority He cast out demons.

The supernatural will just begin to break out. The miraculous will just begin to break out. You are going to see signs, wonders, healing and miracles like never before. Let this MCO go. We rebuke the devil for using it to get this control back from the church. But we are free in Jesus' Name. No weapon form against us shall prosper. The financial blessing we need to receive, we will receive. The peaceful environment without the enemy will be yours. God in His goodness has set us free. Stay free, live free. **Live in that freedom of life so that you can truly serve Him. Thank You Holy Spirit that what You know You transfer it to us. Receive information from You that all these things are in the will of God.** You set my mind on things of the Spirit. Eyes have not seen, ears have not heard, neither has it entered into the heart of men all that God has prepared for those who love Him. You are called according to His purpose and because you love Him He will cause all things to work out for good. Lord we thank You, in Jesus' Name. Amen.”

You have extra ammunition now so that we can fight the battles. We are praying that before anything happens. We are praying that God will do a supernatural work this week and the weeks ahead of us that we increase our capacity. **Ask God to show you how to live Holy Spirit way. How to lead Holy Spirit way. Keep your hearts open that each one of us will receive what we need to receive in the right time, the right day, the right order.**
